A SUMMARY OF HOUSE BILL 5583 AS INTRODUCED 4-26-88

The Michigan Vehicle Code requires registration plates to be treated with an effective and dependable reflective material. The bill would amend the Michigan Vehicle Code to allow the Department of State to issue one special classification safety registration plate which would be completely coated with reflective material. Plates would be issued to each applicant beginning with new registration plates manufactured and issued after the effective date of the bill. The bill would require that the reflective material be of a type that would provide effective and dependable performance in the promotion of highway safety and vehicle identification. Whenever a special safety plate was issued, including a duplicate or replacement plate, a fee of \$3 would be charged in addition to all other required taxes and fees.
