A SUMMARY OF HOUSE BILL 5744 AS INTRODUCED 6-7-88

The Michigan Vehicle Code provides an exemption from behind-the-wheel road tests for drivers license applicants who have successfully passed a driver education course and examination within the year preceding the application for license. The bill would amend the code to require persons under the age of eighteen in public or nonpublic schools to take behind-the-wheel road tests regardless of whether they had successfully passed a driver education course and examination.
