Senate Bill 263 (as reported without amendment)
Sponsor: Senator Leon Stille
Committee: Education

CONTENT

The bill would revise the Postsecondary Enrollment Options Act to redefine “eligible student” as a student who achieved a score of at least proficient, as established by the Department of Education on assessments used under the Revised School Code. Currently, the Act defines an eligible student as a student who successfully completed the requirements for a State endorsement on a high school diploma.

The bill is tie-barred to Senate Bills 159 and 160, which would amend the Revised School Code and the State School Aid Act, respectively, to require that a State endorsement appear on a graduate’s high school transcript upon completion of specified assessment instruments.
