Committee

Rep. Larry DeVuyst
CONSERVATION AND OUTDOOR
RECREATION

Analyst(s) Lindquist, Kirk

Completed 6/5/01

State Fiscal Impact

Cost None
Revenues Increase

Local Fiscal Impact

Cost None
Revenues None

This bill would establish annual hazardous waste handler charges and dedicate this revenue for the hazardous waste program in the Department of Environmental Quality. These new fees would replace the current hazardous and liquid waste transporter license fees and the program's General Fund appropriation. The total annual program cost of this program is approximately \$4.75 million. This bill would generate the \$1.6 million needed to replace existing transporter fees and the General Fund appropriation.

This bill would establish annual handler charges based on the volume of waste produced and the type of handler, facility or transporter. Handler charges and the \$6 manifest charge would generate the \$1.6 million needed to replace lost transporter fees.

The effective October 1, 2002 effective date would provide revenue to be appropriated in FY 2002-2003. This revenue increase would help support program costs through FY 2004-2005.

There would be no fiscal impact on local governmental units.
