House Bill 4878 (as passed by the House)
Sponsor: Representative Thomas George
House Committee: Transportation
Senate Committee: Transportation and Tourism

Date Completed: 9-24-01

CONTENT

The bill would create the “Michigan Memorial Highway Act” to repeal and recodify a number of statutes and resolutions naming highways or parts of highways in Michigan after individuals, events, or organizations.

Under the bill, the Michigan Department of Transportation (MDOT) would be required to provide for the erection of suitable markers at the approach of any of the highways only when sufficient private contributions were received to pay the cost of putting up those markers.

Table 1, following, indicates the name of the highway under the bill, the route affected, the general location, and the source that either named the highway or requested the State to designate it, which the bill would repeal and re-enact. (The source is a Public Act (PA), Senate Concurrent Resolution (SCR), House Concurrent Resolution (HCR), Senate Resolution (SR), House Resolution (HR), or, according to MDOT, the State Highway Commissioner. A precise description of the route, the person honored, and the counties affected is available on the MDOT Internet site.)

Table 2 lists a Public Act and resolutions that the bill would repeal but not re-enact.

Legislative Analyst: S. Lowe

FISCAL IMPACT

The bill would not have a fiscal impact on the State as the costs of erecting highway markers would be borne by private contributions. Current practice requires highway markers to be paid for by private funds, regardless of whether a highway was named under a Public Act, resolution, or the authority of the State Highway Commissioner.
