The bill was referred to the Clerk for enrollment printing and presentation to the Governor.

Reps. Gosselin, Raczkowski and Drolet, having reserved the right to explain their nay vote, made the following statement:

“Mr. Speaker and members of the House:

I vote ‘no’ on this bill because it will create a burden on many senior citizens. I concur with those Senators who lambasted the federal government for requiring the state to impose a tax increase in order to get our own money back from Washington. We should get our money back from Washington, but not at the expense of the many senior citizens who will have to pay an additional \$1,000 per year to live in a nursing home. For this reason I must vote ‘no’.”

Senate Concurrent Resolution No. 62.

A concurrent resolution to urge Canadian and United States authorities to adhere to the provisions of their agreement concerning the transboundary movement of hazardous and other waste.

Whereas, The Agreement Between the Government of Canada and the Government of the United States of America Concerning the Transboundary Movement of Hazardous Waste was signed and became effective in 1986. This agreement was amended in 1992 to include municipal solid waste transported across the border. The agreement sets forth specific provisions for notifications and consent; and

Whereas, It has been reported that the notification and consent components of the agreement, which are fundamental to the compact, are not being followed. According to the United States Environmental Protection Agency, which is our country's "designated authority" under the agreement, the two governments have not implemented the notice and consent provisions for municipal solid waste shipments. The EPA has neither received notification of municipal waste shipments from Canada nor protested the lack of information; and

Whereas, With the seriousness of the issues involved and the strong objections of many people and groups in our state to the importing of any trash into our state, it is very disturbing to think that a significant tool like the bilateral agreement between the United States and Canada would be ignored. After many frustrations over efforts to regulate imported solid waste, the notification and consent requirements for municipal solid waste can finally give us long-overdue input on the solid waste that is imported; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge Canadian and United States authorities to adhere to the provisions of the Agreement Between the Government of Canada and the Government of the United States of America Concerning the Transboundary Movement of Hazardous Waste; and be it

Resolved, That copies of this resolution be transmitted to the Canadian Department of the Environment, the Environmental Protection Agency, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The Senate has adopted the concurrent resolution.

In The Chair: Julian

Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:

“An act to consolidate prior acts naming certain Michigan highways; to provide for the naming of certain highways; to prescribe certain duties of the state transportation department; and to repeal acts and parts of acts and certain resolutions.”.

The House agreed to the full title.

Rep. Patterson moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Raczkowski, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I would have voted in support, although the 94th Division is not a michign division.

The 94th Infantry Division fought with the highest regard and within the high standards of the US Army during WWII. I am proud to have served with soldiers of the 94th, but a Michigan highway deserves the name of a Michigan infantry division. Michigan deserves better!”

Reps. Waters and Clark, Garza, Hardman, Hale, having reserved the right to explain their protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

I voted no on House Bill (H-4) because charter schools are public schools, funded with public tax dollars. As such it is our responsibility to ensure that the students attending them are receiving top quality education.

While this bill improves the oversight requirements for charter schools, the Department does not have the staff to implement these new requirements. Without additional resources, these provisions are useless, and yet the cap on charter schools would be vastly increased just the same.

In addition, a report on the progress of charter schools is expected from the Legislative Auditor General shortly. The information in that report should prove invaluable in determining the policies and standards governing charter schools.

Finally, proponents of this version state that the bill would hold Detroit harmless by limiting the number of new charter schools created within the city limits. Unfortunately, there is nothing to prevent the 15 surrounding communities from establishing 2 charter schools in each of those districts on Detroit's border, pulling valuable resources and targeting pupils from within Detroit.

For these reasons, I believe this bill does not include the best policies to ensure the success of our students attending charter schools. Therefore, I voted no on its passage."

Reps. Callahan, Kolb, Spade, Basham, Zelenko, Bogardus, Dennis, Woodward, Murphy, Jamnick, Lipsey, Williams, Phillips and Wojno, having reserved the right to explain their protest against the passage of the bill, made the following statement:
