Rep. John C. Stewart, from the 20th District, offered the following invocation:

"Dear Lord, we thank You for the opportunity to come together as the Michigan Legislature and to honor several student athletes. Remind us of the Eighth Amendment of the Michigan Constitution that, 'the State Legislature shall provide for a system of public education—K-12 and Higher Education'. We know that we are students for life because education is a lifelong process. Give us an unquenchable thirst for knowledge and encourage us to always strive for the closest approximation of truth. Help us to always be intellectually honest. We thank You for the colleges and universities in Michigan and ask Your special blessing on the 100th anniversary of Western Michigan University. As we recognize the championship softball team from Western Michigan University, let us all remember Your words from the Book of Timothy, chapter 4, verse 6, that 'physical exercise profiteth little but spiritualness promises life forever'. Help us to be more kind and humble and remind us that our body and mind is a temple through which we can serve You more each day. All this we ask in Jesus' name. Amen."

The House agreed to the title of the bill.

Rep. Kooiman moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Dennis, having reserved the right to explain her protest against the passage of the bill, made the following statement: "Mr. Speaker and members of the House:

I voted no on HB 4657 because as noted by the Michigan Consumer Federation, consumers have a right to know what additives are in their gasoline. Many consumers believe that gasoline blended with ethanol adversely affects the performance of their engines. Others prefer to have ethanol because it burns cleaner, and some believe that by using it, they are supporting Michigan's farmers. The labeling requirement allows both sides to know when ethanol has been added to gasoline. Finally, there are many older vehicles that are not designed to use gasoline with ethanol. If the labeling requirement is eliminated it could cause damage to some engines."

House Bill No. 4263, entitled

A bill to amend 1961 PA 120, entitled "An act to authorize the development or redevelopment of principal shopping districts and business improvement districts; to permit the creation of certain boards; to provide for the operation of principal shopping districts and business improvement districts; to provide for the creation, operation, and dissolution of business improvement zones; and to authorize the collection of revenue and the bonding of certain cities for the development or redevelopment projects," by amending the title and sections 1, 2, 4, 5, and 6 (MCL 125.981, 125.982, 125.984, 125.985, and 125.986), the title as amended by 2001 PA 260, sections 1, 2, and 5 as amended by 2001 PA 261, section 4 as amended by 1999 PA 49, and section 6 as amended by 1992 PA 146.

(The bill was read a third time and postponed for the day on May 20, see House Journal No. 41, p. 610.) The question being on the passage of the bill.

Motions and Resolutions

Reps. Farhat, Huizenga, Bisbee, Milosch, Garfield, Nofs, Casperson, Bradstreet, Palsrok, LaJoy, Stahl, DeRoche, Woodward, Rivet, Accavitti, Acciavatti, Adamini, Bieda, Brandenburg, Daniels, Ehardt, Farrah, Gieleghem, Gillard, Gleason, Hager, Hardman, Hummel, Jamnick, Koetje, Kooiman, LaSata, Meyer, Middaugh, Minore, Pappageorge, Pastor, Sak, Shackleton, Sheltrown, Shulman, Spade, Stakoe, Tobocman, Vagnozzi, Vander Veen, Voorhees, Waters, Wojno, Woronchak and Phillips offered the following resolution:

House Resolution No. 62.

A resolution to memorialize the Congress of the United States and the Federal Trade Commission to address the issue of unsolicited commercial email, otherwise known as spam, on a national basis.

Whereas, Unsolicited commercial email, which is generally referred to as "spam," is becoming an increasingly burdensome problem for many Americans and both private and public sector enterprises. Unlike other forms of unsolicited marketing, spam imposes little cost to the sender. Because of this, there are few forces to limit the volume of these emails being sent; and

Whereas, The cumulative effects of spam are staggering. According to reports cited by the Federal Trade Commission (FTC), spam accounts for between one-third and one-half of all emails sent each day. The skyrocketing growth in the volume of unsolicited commercial emails is a burden upon those receiving these unwanted messages. As volume increases, so does the worry over the potential for fraudulent activities; and

Whereas, The nuisance of unsolicited email has turned into a problem spiraling out of control, not only for individuals but also costing businesses millions of dollars every year in lost productivity. Reports indicate that dealing with spam costs United States corporations nearly \$9 billion and accounts for at least \$4 billion in lost productivity each year. Even our troops in the Persian Gulf region have reported frustrations with unsolicited email messages impeding efforts to communicate with family back home; and

Whereas, The FTC has just completed a three-day forum to address the proliferation of unsolicited commercial email and to explore the technical, legal, and financial issues associated with it. In 2001, the FTC received 10,000 messages a day through its spam database; the agency now receives about 130,000 spam messages a day. In reviewing these messages, the FTC has found that 66% of the spam analyzed contained false "From" lines, "Subject" lines, or message text; and

Whereas, The FTC forum clearly demonstrated a need for actions at the federal level. Numerous options are being discussed, in Congress and in the states and among business and community leaders, on how best to address the issue of spam. It is becoming increasingly clear to many that a federal approach, coupled with individual state actions, offers the greatest potential for meaningful results in dealing with this complex issue; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States and the Federal Trade Commission to address the issue of unsolicited commercial email, otherwise known as spam, on a national basis; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the United States Federal Trade Commission.

The resolution was referred to the Committee on Energy and Technology.

Reps. Palmer, Brandenburg, Garfield, Accavitti, Acciavatti, Adamini, Bieda, Caswell, Daniels, Ehardt, Farhat, Farrah, Gieleghem, Gillard, Gleason, Hager, Hardman, Jamnick, Koetje, Kooiman, Law, Meyer, Minore, Pappageorge, Pastor, Richardville, Rivet, Sak, Sheltrown, Shulman, Spade, Stakoe, Stewart, Tabor, Tobocman, Vagnozzi, Vander Veen, Voorhees, Waters, Wojno, Woodward and Phillips offered the following resolution:

House Resolution No. 63.

A resolution to memorialize the Congress of the United States to increase efforts to preserve and protect Lake St. Clair. Whereas, Lake St. Clair is an essential component of the network that comprises the world's largest source of accessible freshwater. Often referred to as the "Heart of the Great Lakes" for its unique importance, location, and shape, Lake St. Clair is an immeasurable resource to the region's economy, ecology, health, and recreation; and

Whereas, Lake St. Clair provides the drinking water for 2.3 million people, produces one-third of all fish caught on the Great Lakes, and includes some of the most important ecosystem along the Great Lakes basin; and

Whereas, Several key federal acts, including the Great Lakes Fishery Act of 1956, the Clean Water Act of 1978, the Great Lakes Shoreline Mapping Act of 1987, the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990, and the Water Resources Development Act of 2000, include Lake St. Clair in the definition of the Great Lakes for the purpose of programs and grants; and

Whereas, Lake St. Clair also received special attention in the Water Resources Development Act of 1999, which directed the Secretary of the Army to prepare a comprehensive management plan for Lake St. Clair, a first draft of which is scheduled for release in 2003; and

Whereas, In spite of its critical role, Lake St. Clair has been subject to several serious environmental problems in recent years. These have ranged from beach closings due to faulty sewage and septic systems, combined sewer overflows, toxic contamination, and the impact of invasive species; and

Whereas, Lake St. Clair will benefit from the Great Lakes Legacy Act of 2002, which provides funds to monitor and clean up contaminated sediments in the Great Lakes Areas of Concern, including the St. Clair River and Clinton River watersheds, which are adjacent to Lake St. Clair; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the Congress of the United States to increase efforts to preserve and protect Lake St. Clair; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Great Lakes and Tourism.

Reps. Palmer, O'Neil, Accavitti, Acciavatti, Adamini, Bieda, Brandenburg, Caswell, Clack, Daniels, DeRossett, Ehardt, Farrah, Garfield, Gieleghem, Gillard, Gleason, Hager, Hardman, Huizenga, Jamnick, Koetje, Kooiman, Law, McConico, Meyer, Middaugh, Minore, Pappageorge, Pastor, Rocca, Sak, Sheltrown, Shulman, Stakoe, Stewart, Tabor, Van Regenmorter, Vander Veen, Voorhees, Waters, Wojno, Woodward, Woronchak, Zelenko and Phillips offered the following resolution:

House Resolution No. 64.

A resolution commemorating September 2003 as Children's Internet Safety Month.

Whereas, The Internet is one of the most effective tools available for purposes of education and research and gives children the means to make friends and freely communicate with peers and family anywhere in the world; and

Whereas, It is vital to the well-being of children that the Internet offer them a wholesome environment to explore and that its capacity to deliver pornographic material to the innocent be responsibly monitored and effectively screened; and

Whereas, Children are ill-equipped to cope with lurid Internet content and cyberpredators and are at risk in their own homes, schools, and libraries; and

Whereas, Parents, religious and government leaders, educators, and rational-thinking people everywhere are concerned about children's Internet safety, Web manipulation by the unscrupulous, and the rising tide of pornographic Web sites; and

Whereas, Objectionable material, such as violent, obscene, or sexually explicit adult material may be received by a minor in an unsolicited form; and

Whereas, It is imperative that Michigan parents, guardians, grandparents, teachers, and family members, along with churches, business and community leaders, and organizations, be alerted to the pervasiveness and danger of pornography on the Internet. Support of this public service initiative will improve the Internet culture within their own spheres of influence; and

Whereas, The century of instant global communication holds great promise for achieving better understanding among people of the world. A broader resolve is heralded to protect the safety of children in order that the Internet not be perceived as an instrument of cunning, pornographic invitation to the young, but as evidence of profound respect for human dignity, creative inquiry, and commitment to excellence; now, therefore, be it

Resolved by the House of Representatives, That we hereby commemorate September 2003 as Children's Internet Safety Month and express our support for efforts to protect our children against harmful Internet materials; and be it further

Resolved, That a copy of this resolution be transmitted to Governor Jennifer Granholm and Lieutenant Governor John Cherry.

Pending the reference of the resolution to a committee,

Rep. Richardville moved that Rule 77 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Woronchak, Hood, Accavitti, Acciavatti, Adamini, Bieda, Brandenburg, Caswell, Clack, Daniels, Dennis, DeRossett, Ehardt, Farhat, Farrah, Garfield, Gieleghem, Gillard, Gleason, Hager, Hardman, Huizenga, Hummel, Jamnick, Koetje, Kooiman, LaSata, Law, Lipsey, McConico, Meyer, Middaugh, Minore, Nofs, Pappageorge, Pastor, Plakas, Reeves, Richardville, Rivet, Rocca, Sak, Shackleton, Shaffer, Sheltrown, Shulman, Spade, Stakoe, Stewart, Tabor, Tobocman, Vagnozzi, Van Regenmorter, Vander Veen, Voorhees, Waters, Wojno, Woodward, Zelenko and Phillips offered the following resolution:

House Resolution No. 65.

A resolution to honor Ford Motor Company as it celebrates its 100th anniversary.

Whereas, It is a great pleasure for members of the Michigan House of Representatives to join in commemorating the centennial of Ford Motor Company. On June 16, 2003, Ford Motor Company will celebrate 100 years of business in the United States; and

Whereas, In 1903, Henry Ford submitted incorporation papers in Lansing, Michigan to launch the Ford Motor Company. The Ford family has remained actively involved in running the company throughout the entire 100-year history. The operation started in a leased, small converted wagon factory on a spur of the Michigan Central Railroad in Detroit. And nowhere has Ford had more impact than in Dearborn, Michigan, home of the company's world headquarters; and

Whereas, The manufacturing giant's growth has been phenomenal. Ford is one of the largest companies in the world and provides employment to 354,431 people around the globe. Ford was one of the first major corporations to establish worldwide operations. Henry Ford believed that the company should, "build them where [we] sell them" and, today, Ford has manufacturing facilities in 25 markets worldwide. In the United States, it provides seven indirect jobs for every direct position at Ford, both inside and outside of the automotive industry; and

Whereas, Few companies have had a greater impact on the lives of people around the world than Ford Motor Company. Ford revolutionized 20th century manufacturing with the large-scale application of the moving assembly line and has been a global leader in providing affordable mobility for the world's citizens; and

Whereas, Ford has an outstanding reputation for its treatment of workers. They surprised the world in 1914 by setting Ford's minimum wage at \$5 for an 8-hour day, which replaced the prior \$2.34 wage for a 9-hour day. Today, the benefits that they provide to employees still serve as a model to other corporations; and

Whereas, Ford Motor Company has championed another great tradition during its first century—that of community involvement. In addition to its economic contribution of jobs, tax revenues and foreign exchange earnings, Ford is a strong corporate citizen in the locations where it operates. Ford supports education, the arts and humanities, environmental and automotive safety initiatives and more throughout the world; now, therefore, be it

Resolved by the House of Representatives, That we are proud to have such an outstanding business call our state home and that we commemorate Ford Motor Company's 100 years of business leadership and dedication to its employees. May Ford Motor Company continue to be a global leader in the automobile industry; and be it further

Resolved, That a copy of this resolution be transmitted to Ford Motor Company as evidence of our warmest congratulations.

Pending the reference of the resolution to a committee,

Rep. Richardville moved that Rule 77 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Sak, Accavitti, Acciavatti, Adamini, Clack, Daniels, Dennis, DeRossett, Farhat, Farrah, Garfield, Gieleghem, Gillard, Gleason, Hager, Hardman, Jamnick, Kooiman, Law, Lipsey, McConico, Meyer, Minore, Pappageorge, Pastor, Plakas, Rivet, Rocca, Sheltrown, Spade, Tobocman, Van Regenmorter, Waters, Wojno, Woodward, Woronchak and Zelenko offered the following resolution:

House Resolution No. 66.

A resolution to urge the Michigan Lottery Bureau to join the Amber Alert system.

Whereas, The Amber Alert system, a method of quick communication used to deal with child abductions, is predicated on getting notification of a missing child to as many people as possible as soon as possible. This strategy has helped many families in Michigan and other states. With this system, law enforcement personnel and desperate families have a far better chance to recover children before abduction turns to an irreversible tragedy; and

Whereas, The Amber Alert system focuses the public's attention on a case of a missing child in the first few hours. During this critical period, a few minutes' notice can literally be the difference between life and death. The Amber Alert concept relies heavily upon broadcast media to get the news and a description out to as many citizens as possible. This speed greatly enhances the chances of recovery of the child before something worse happens; and

Whereas, Several states are incorporating their lottery systems into the Amber Alert network. In Michigan, we have more than 9,000 licensed lottery retailers dealing with customers across the entire state. Utilizing the interconnectedness of lottery terminals to add the eyes and ears of thousands of customers and vendors immediately can only strengthen Michigan's response when a child and family most need help; now, therefore, be it

Resolved by the House of Representatives, That we urge the Commissioner of the Michigan Lottery Bureau to work with the Michigan State Police, the other members of the Amber Alert network, and the state's lottery retailers to create a program to incorporate the lottery system into the Amber Alert network; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Lottery Bureau Commissioner and to the Michigan State Police.

The resolution was referred to the Committee on Criminal Justice.
