Rep. Kim Meltzer, from the 33rd District, offered the following invocation:

“Most gracious and heavenly Father Your word is our strength and guide. Give to us all, the wisdom to know Your word and live by it. And grant us Your mercy - for without it we will surely fail. Lead us so we may learn to follow. Strengthen us so we may learn to lead. And help us to remember nothing we do changes who You are. You are the same yesterday, today and tomorrow. Lord let this truth be known so no one is deceived into thinking that anything they have done or will do is unworthy of Your love. Lord let this truth be known so as we stand before You and the people of Michigan we do so with a humble heart. You are the Almighty, Maker of heaven and earth and we are Your servants. Thank You for the opportunity to serve the people of Michigan, and more importantly we thank You for the opportunity to serve You. In Jesus name, we pray. Amen.”

Rep. Garfield, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

This bill does not address the issue of people who may be affected by prescribed medication by a physician. Those will be treated as though they are on illegal substances. Facing the same sentencing under the guidelines."

Rep. Tobocman, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

I voted against House Bills 4789, 4794, 4795 and 4813 not because of the sponsors' intent to insure that our waterways, off-road paths, and snowmobile trails are safe from people operating vehicles under the influence of various drugs and alcohol, but because they continue Michigan's tradition of punishing those who have broken no laws. Unlike fifteen other reasonable states whose laws punish only those who jeopardize public safety, Michigan punishes those with controlled substances in their system, regardless if the controlled substance was legally prescribed, even if it in no way impairs their ability to operate a motorized vehicle.

I encourage my colleagues to work with me to revise Michigan laws in these areas, as well as in the Motor Vehicle Code, to an impairment or under the influence standard."

### **Motions and Resolutions**

Reps. David Law, Accavitti, Ball, Bauer, Bieda, Brown, Byrnes, Calley, Caswell, Constan, Dean, Espinoza, Gonzales, Green, Hansen, Hoogendyk, Horn, Huizenga, Rick Jones, Robert Jones, LaJoy, Lemmons, McDowell, Moore, Pavlov, Pearce, Proos, Scott, Shaffer, Steil, Valentine, Brandenburg, Clack, Cushingberry, Nitz, Stahl, Meadows and Schuitmaker offered the following resolution:

#### **House Resolution No. 132.**

A resolution to urge the Governor to implement a statewide recycling initiative.

Whereas, Michigan is defined by its abundant natural resources, which have a major impact on our quality of life, economy, recreational traditions, and tourism. Over 3,000 miles of Great Lakes shoreline, fertile soils for farming, and many lakes, streams, forests, dunes, and wetlands identify the pleasing qualities that Michigan offers to residents and visitors; and

Whereas, Michigan residents generated over 14.8 million tons of municipal solid waste that were disposed of in this state's landfills in 2006. Landfilling is the least desirable way to manage our solid waste. Landfills take up precious land resources and are constructed to hold solid waste for hundreds of years after it has been disposed. Recycling and reuse of solid waste are wiser management options. Recycling conserves natural resources, reduces our dependence on landfills and incinerators, and makes economic and environmental sense; and

Whereas, The Michigan Recycling Coalition estimates that Michigan's recycling rate is below 20 percent, the lowest recycling rate for any state in the Great Lakes region. Michigan's recycling rate is also below the United States Environmental Protection Agency's estimated national recycling rate of 28 percent. According to the Michigan Recycling Coalition, many Michigan residents do not have access to either curbside or drop-off recycling programs; and

Whereas, A few communities in Michigan offer wide-ranging recycling collection programs to their residents. However, the state as a whole is lacking a comprehensive, statewide recycling initiative. Until recycling is promoted and encouraged on a statewide basis, we will be unable to properly protect the natural resources and quality of life that make Michigan a great state; now, therefore, be it

Resolved by the House of Representatives, That we urge the Governor to implement a statewide recycling initiative; and be it further

Resolved, That copies of this resolution be transmitted to the office of the Governor and the Director of the Department of Environmental Quality.

The resolution was referred to the Committee on Great Lakes and Environment.

Reps. Gonzales, Accavitti, Ball, Bauer, Bieda, Booher, Brown, Byrnes, Byrum, Calley, Caswell, Condino, Constan, Dean, Espinoza, Garfield, Gillard, Green, Hammel, Hammon, Hildenbrand, Hoogendyk, Horn, Huizenga, Rick Jones, Robert Jones, LeBlanc, Lemmons, Mayes, McDowell, Miller, Moore, Palmer, Pearce, Proos, Sak, Shaffer, Alma Smith, Spade, Steil, Tobocman, Vagnozzi, Valentine, Brandenburg, Clack, Cushingberry, Kathleen Law, Leland, Marleau, Nitz, Stahl, Griffin, Meadows, Angerer and Schuitmaker offered the following resolution:

**House Resolution No. 133.**

A resolution commemorating the 50th Anniversary of the Mackinac Bridge and recognizing all the people who supported it throughout history.

Whereas, The Mackinac Bridge began connecting our beautiful peninsulas and serving residents on November 1, 1957, promptly becoming a national icon and source of pride for Michigan residents; and

Whereas, The bridge was designed by the great engineer Dr. David B. Steinman and it is currently the third longest suspension bridge in the world and the longest suspension bridge in the western hemisphere. The total length of the Mackinac Bridge is 26,372 feet and the width of the roadway is 54 feet. The stiffening truss width in the suspended span is 68 feet wide making it wider than the roadway it supports. The height of the roadway at mid-span is approximately 200 feet above water level. The vertical clearance at normal temperature is 155 feet at the center of the main suspension span and 135 feet at the boundaries of the 3,000 ft. navigation channel; and

Whereas, Discussions developing the bridge began in February 1884, it was determined "that if a great east-west route were ever to be established through Michigan a bridge or tunnel would be required." The idea to build the bridge was further encouraged by the dedication of the Brooklyn Bridge in 1883; and

Whereas, In 1923, the Legislature ordered the State Highway Department to establish a ferry service at the Straits. Within five years, traffic on this facility became so heavy that the late Governor Fred Green ordered the same agency to make a study of bridge feasibility; and

Whereas, The Mackinac Straits Bridge Authority of Michigan began its studies in May 1934, despite funding setbacks a new direct route was selected from 1936 to 1940. The Authority continued their efforts and in January 1951 they submitted a very favorable preliminary report, stating that a bridge could be built and financed with revenue bonds for \$86,000,000, but because of the shortage of materials due to the Korean Outbreak, legislation to finance and build the structure was delayed until early 1952; and

Whereas, In order to make the bonds more attractive for purchasing, the legislature passed an act during the Spring of 1953 whereby the operating and maintenance cost of the structure, up to \$417,000 annually, would be paid for out of gasoline and license plate taxes. Toward the end of 1953, with the market recovered, \$99,800,000 worth of Mackinac Bridge bonds were bought by investors all over the country. Contracts which had been awarded contingent upon this financing were immediately implemented; and

Whereas, The Mackinac Bridge was officially begun amid proper ceremonies on May 7 and 8, 1954, at St. Ignace and Mackinaw City, it opened to traffic in 1957; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body commemorate the 50th Anniversary of the Mackinac Bridge, and recognize the many people who supported the efforts of building this bridge throughout history. Today, the Mackinac Bridge attracts millions of visitors to Michigan each year and is a great source of pride for our residents. We hold this milestone in the highest regard.

Pending the reference of the resolution to a committee,

Rep. Tobocman moved that Rule 71 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

**House Concurrent Resolution No. 28.**

A concurrent resolution to urge the United States Department of Homeland Security to continue to work with the states to coordinate driver's licenses with the new passport requirements to reenter the country from Canada.

Whereas, The state of Michigan denounces and condemns all acts of terrorism by any entity, wherever the acts occur; and

Whereas, Under the Intelligence Reform and Terrorism Prevention Act of 2004, by January 1, 2008, millions of Americans may be required to show passports when they reenter this country from Canada. This provision, known as the Western Hemisphere Travel Initiative (WHTI), is intended to make it more difficult for terrorists to enter the United States. Currently, Americans only need to show a driver’s license or a birth certificate when they reenter from Canada; and

Whereas, The Canada-United States border is the most important international economic development relationship in the country and an integral part of Michigan’s economic growth. More than 300,000 business people, truck drivers, tourists, and regular commuters, and \$1.1 billion in goods on average travel daily between the two nations; and

Whereas, The requirements of WHTI unduly burden Michigan citizens and businesses, as they will be forced to absorb the cost of acquiring two legal documents to cross the Canada-United States border; and

Whereas, The Michigan Secretary of State has proposed the exploration, on a pilot basis, of the feasibility of developing, in cooperation with the Department of Homeland Security, a state-issued driver’s license that is an acceptable document for WHTI; and

Whereas, This dual-purpose driver’s license identification card proposal has the following stated objectives: recognize the need for secure borders by making it tougher for terrorists to enter the country; provide a convenient service and additional benefits to American citizens; honor the intent of the laws of the state of Michigan protecting the security and privacy of our citizens and meeting the objectives of WHTI without subjecting citizens to multiple layers of governmental bureaucracy; and enact technological and legal barriers to prevent third parties from accessing and sharing information on the physical document and the machine-readable component; and

Whereas, Prior to the enactment of a pilot program, the privacy and security concerns of linking an enhanced driver’s license with a passport to meet the requirements of WHTI should be set forth in a study conducted by the Michigan Secretary of State; and

Whereas, It is essential that any machine-readable component of the dual-purpose driver’s license identification card be limited to a two dimensional bar code or a magnetic strip that contains only the name and license number for verification purposes; that citizenship information be accessible only by border agents, not by local law enforcement or highway patrol; and that citizenship may not be printed on the identification card or contained in the machine-readable component; and

Whereas, Any new security measures of federal, state, and local governments must be carefully designed and employed to enhance public safety without infringing on the civil liberties and rights of innocent citizens of Michigan and the United States; and

Whereas, The dual-purpose driver’s license identification card must not be connected to a national database of driver’s licenses and identification cards. The Department of Homeland Security should not needlessly share border crossing information with any other local, state, or federal government agency and should limit information sharing to specific persons under investigation for specific actions, as opposed to being based on some racial or ethnic profile; and

Whereas, It is also important that Michigan residents have the option of applying or not applying for the dual-purpose driver’s license identification card and not be required to pay any extra fees associated with the special license. The pilot program should recognize and maintain that participation is voluntary; and

Whereas, Any pilot program developed as a result of the feasibility study should include a sunset provision after which the program can be assessed for its impact and effectiveness; and

Whereas, The state of Washington has put in place a system that utilizes what is called an “enhanced license.” Clearly, there is a strong need to develop an effective and realistic mechanism that recognizes the daily travel between certain states and Canada; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we urge the United States Department of Homeland Security to continue to work with the states to coordinate driver’s licenses with the new passport requirements to reenter the country from Canada; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States; the United States Secretary of State; the United States Secretary of the Department of Homeland Security; the President of the United States Senate; the Speaker of the United States House of Representatives; the chairs and ranking members of the United States Senate Foreign Relations Committee, the United States Senate Homeland Security and Governmental Affairs Committee, the United States House Homeland Security Committee, and the United States House International Relations Committee; and the members of the Michigan congressional delegation.

The concurrent resolution was referred to the Committee on New Economy and Quality of Life.

(Filed with the Secretary of State June 12, 2007, at 4:07 p.m.)

### Communications from State Officers

The following communication from the Department of Labor and Economic Growth was received and read:

April 2, 2007

In accordance with Public Act 304 of 1982, the attached 2005 Annual Report for the Michigan Utility Consumer Representation Fund (UCRF) is transmitted to the Legislature.

The state's six largest investor-owned utilities who use cost recovery proceedings to recover purchased gas and power supply costs from ratepayers were required, under this Act, to remit a total ratepayer funded assessment of \$1,013,299 in 2005 to provide for fair and adequate representation of Michigan residential energy ratepayers in gas and power supply cost recovery proceedings, reconciliation cases and other related proceedings before the Michigan Public Service Commission. 47.5% of the revenue is allocated to fund intervenor grants, 47.5% of the revenue is allocated to the Department of Attorney General, and the remaining 5% is allocated for administrative costs.

Grants awarded in calendar year 2005 totaled \$1,022,500. Total funding available in the calendar year 2005 was \$522,500 (FY05 authorized) and \$500,000 (requested FY06 authorization pending approval of the budget). The Utility Consumer Participation Board granted its full authorization (actual and pending) to support intervention efforts of non-profit, utility consumer groups. While all of the interests that applied for funding received an award, several intervention proposals for FY 06 were scaled back or fees renegotiated due to limited funds. The cases selected for UCRF funding represent approximately 95% of the residential customers of utilities participating in cost-recovery proceedings or almost 3 million natural gas customers and 3.5 million electric customers in the state of Michigan. In 2005, UCRF funded intervention efforts resulted in an estimated combined savings of over \$100 million for Michigan energy utility ratepayers. Many of the reductions and disallowances achieved by UCRF funded intervenors continue to benefit ratepayers over the long-term. In addition, policy reforms brought about by the active participation of UCRF funded consumer groups assure greater equity and efficiency in future energy utility planning and ratemaking.

The Attorney General's Office expended \$368,541 of UCRF funds in calendar year 2005 for intervention on behalf of the utility ratepayers of Michigan. The Attorney General's Office will submit its P.A. 304 Annual Report under separate cover.

Sincerely,  
UTILITY CONSUMER PARTICIPATION BOARD  
Dr. Harry M. Trebing, Chair

The communication was referred to the Clerk.

The following communication from the Secretary of State was received and read:

#### Notice of Filing Administrative Rules

June 11, 2007

In accordance with the provisions of Section 46(1) of Act 306, Public Acts of 1969, as amended, and Executive Order 1995-6 this is to advise you that the Michigan Department of Labor & Economic Growth, State Office of Administrative Hearings and Rules filed at 4:30 P.M. this date, administrative rule (07-06-01) for the Department of Labor and Economic Growth, Director's Office, Entitled "*Part 39.
