Under this legislation, these dollar coins, which would be public tender, would be comprised of 90 percent silver and 10 percent copper. The legislation also provides that the money raised by a surcharge above the face value would be distributed to the Motor Cities National Heritage Area through the Automobile National Heritage Partnership and to the Edison Institute. This money would create endowments to support the celebration of the Model T and the preservation of its story through educational programs and displays; now, therefore, be it
