The motion prevailed, 2/3 of the members serving voting therefor.

Rep. McMillin, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

These bills (HB6183 - 6188) are a direct assault on free speech. They are a partisan attempt to overturn a decision by the U.S. Supreme Court that upholds the First Amendment right of non-profit corporations such as the National Rifle Association, Michigan Chamber of Commerce and Right to Life to spend money in campaigns to advocate for issues on behalf of the millions of people they represent.

This legislation, if signed into law, would effectively silence senior groups like the American Association of Retired People (AARP) and veterans groups like the American Legion while still allowing Big Labor and unions to continue funneling millions of dollars to Democrat candidates.

These bills are a partisan, political attempt to subvert the U.S. Supreme Court and weaken the First Amendment right to free speech.

For these reasons, I cannot support these bills.”

Rep. McMillin, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

These bills (HB6183 - 6188) are a direct assault on free speech. They are a partisan attempt to overturn a decision by the U.S. Supreme Court that upholds the First Amendment right of non-profit corporations such as the National Rifle Association, Michigan Chamber of Commerce and Right to Life to spend money in campaigns to advocate for issues on behalf of the millions of people they represent.

This legislation, if signed into law, would effectively silence senior groups like the American Association of Retired People (AARP) and veterans groups like the American Legion while still allowing Big Labor and unions to continue funneling millions of dollars to Democrat candidates.

These bills are a partisan, political attempt to subvert the U.S. Supreme Court and weaken the First Amendment right to free speech.

For these reasons, I cannot support these bills.”

**House Resolution No. 305.**

A resolution to recognize the Ford Motor Company, General Motors, and Chrysler Group LLC, collectively known as the Big Three, for their achievement of surpassing foreign automakers for the first time in the 24-year history of the J.D. Power and Associates Initial Quality Study.

Whereas, This year's J.D. Power and Associates Initial Quality Study tracked 228 potential problems within the first 90 days of vehicle ownership for new vehicles; and

Whereas, Industry averages in this year's study revealed 109 problems per 100 cars for foreign automakers, compared to 108 problems per 100 vehicles for domestic automakers; and

Whereas, Excluding luxury models, Ford Motor Company was the number one brand in this year's study, ranking fifth overall and having 12 vehicle models rank within the top three in their respective classes; and

Whereas, Ten General Motors vehicle models ranked within the top three of their respective classes, with the Chevrolet brand leading in two segments; and

Whereas, Chrysler Group LLC has likewise shown signs of improved quality; and

Whereas, In light of recent economic turmoil and industry collapse, this represents all the more a truly profound and laudable accomplishment for these three companies; and

Whereas, This tour de force may one day be regarded as a watershed for the ultimate recovery of Michigan's long-time principle industry; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body recognize the Ford Motor Company, General Motors, and Chrysler Group LLC, collectively known as the Big Three, for their achievement of surpassing foreign automakers for the first time in the 24-year history of the J.D. Power and Associates Initial Quality Study. It is with great honor that we applaud the Big Three in this paramount achievement; and be it further

Resolved, That a copy of this resolution be transmitted to each of the Big Three automakers in expression of our congratulations and support.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Valentine, Warren, Scripps, Robert Jones, Miller, Kandrevas, Tlaib, Slavens, Liss, Kennedy, Byrum, Roberts, Meadows and Lisa Brown offered the following resolution:

**House Resolution No. 306.**

A resolution to urge the Great Lakes states and province of Ontario to ban any new oil and gas drilling beneath the Great Lakes.

Whereas, The Great Lakes are one of the largest freshwater resources in the world. Our freshwater seas provide drinking water for tens of millions of people and clean water for agriculture, industry, and businesses throughout the region. The lakes support billion dollar fishing, boating, and tourism industries and are an integral part of the way of life in the region; and

Whereas, An oil and gas spill from drilling in or under the Great Lakes would potentially devastate the Great Lakes and the businesses and people that depend on them. Despite assurances of the safety of oil and gas drilling in the lakes, the recent disaster in the Gulf of Mexico demonstrates the inherent risk in any oil and gas drilling in or under water, and the catastrophic impacts on fish, wildlife, water quality, and the people who value and rely on these resources. The potential impact far outweighs any economic benefit from drilling; and

Whereas, The Great Lakes states and provinces should speak with a single voice and ban all future offshore and directional drilling beneath the Great Lakes. Similar to water diversions, the decision of any one state or province to allow oil or gas drilling has potential ramifications for all the Great Lakes states and provinces; and

Whereas, The Great Lakes states and provinces should not rely only on federal efforts to ban oil and gas drilling. State and provincial bans would bolster any federal bans in place and provide a further layer of legal protection against a disastrous oil or gas spill in the Great Lakes; now, therefore, be it

Resolved by the House of Representatives, That we urge the Great Lakes states and province of Ontario to ban any new oil and gas drilling beneath the Great Lakes if they have not already done so; and be it further

Resolved, That copies of this resolution be transmitted to the governors of Illinois, Indiana, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin, the premier of Ontario, and the Council of Great Lakes Governors.

The resolution was referred to the Committee on Great Lakes and Environment.

Rep. Roberts offered the following concurrent resolution:

**House Concurrent Resolution No. 59.**

A concurrent resolution to urge the inclusion of a ban on new oil and gas drilling beneath the Great Lakes in the Great Lakes Water Quality Agreement.

Whereas, The Great Lakes Water Quality Agreement has coordinated U.S. and Canadian efforts to protect water quality in the Great Lakes for nearly 40 years. The agreement acknowledges that the Great Lakes are a shared resource, and that activities on either side of the border can affect how people and businesses use the lakes on both sides of the border; and

Whereas, The recent oil spill in the Gulf of Mexico demonstrates the disastrous potential consequences of drilling for oil and gas beneath the Great Lakes. A similar accident in the Great Lakes would foul water quality over large areas, devastating billion dollar fishing, boating, and tourism industries and the millions of jobs associated with them. Great Lakes residents would face the additional risk that drinking water for millions of people could be affected; and

Whereas, The risk to Great Lakes water quality outweighs the economic benefit from tapping oil and gas reserves beneath the Great Lakes. The Great Lakes are far too valuable to far too many people, and the gulf situation clearly demonstrates that a catastrophic spill can happen despite precautions; and

Whereas, The United States has banned offshore and directional drilling in and under the Great Lakes, but Canada has not followed suit. Canada continues to allow offshore drilling for natural gas in the Great Lakes and directional drilling beneath the Great Lakes for both oil and gas. The Great Lakes will not be truly protected from a potential disaster until Canada agrees to provide similar protection; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we urge the inclusion of a ban on new oil and gas drilling beneath the Great Lakes in the Great Lakes Water Quality Agreement; and be it further

Resolved, That copies of this resolution be transmitted to the U.S. Secretary of State, the Canadian Minister of Foreign Affairs, and the members of the Michigan congressional delegation.

The concurrent resolution was referred to the Committee on Great Lakes and Environment.

Reps. Warren, Smith, Scripps, Robert Jones, Miller, Kandrevas, Tlaib, Slavens, Liss, Kennedy, Byrum, Valentine, Roberts, Meadows and Lisa Brown offered the following concurrent resolution:

**House Concurrent Resolution No. 60.**
