A SUMMARY OF HOUSE BILL 5525 AS INTRODUCED 10-20-09

The bill would create a new act that would authorize a county board of commissioners to establish and operate a farmers market or a "flea" market.

The bill specifies that if a county board of commissioners established and operated a farmers' market or a "flea" market, then the county board would have control of the market, and could issue regulations for the use and operation of the market.

FISCAL IMPACT:

The bill is permissive and does not create any new state or local mandates. The bill appears to have no direct state or local fiscal impacts.
