### House Bill 6195

**Sponsor: Rep. Bert Johnson**

**Committee: Regulatory Reform**

**Complete to 5-26-10**

### A SUMMARY OF HOUSE BILL 6195 AS INTRODUCED 5-19-10

The bill would create the Michigan Quality Community Care Council Act, which would codify into law the Michigan Quality Community Care Council, which currently exists as a pilot project within the Department of Community Health

In 2004, the Michigan Department of Community Health (DCH) and the Tri-County Aging Consortium entered into an agreement under the Urban Cooperation Act to create the Michigan Quality Community Care Council (QCCC). An independent governmental agency, the QCCC, among other things, maintains a statewide registry of Medicaid Home Help Providers. The Medicaid Home Help Program enables individuals to remain in their homes with the assistance of qualified direct care workers rather than being placed in a nursing home, home for the aged, or adult foster care home.

Briefly stated, the bill would do the following:

- Create in statute the Michigan Quality Community Care Council Act.
- Establish the Michigan Quality Community Care Council as a public body, prescribe the Council's duties, and give the Council rule making authority. The primary duties would be promote and coordinate effective and efficient personal assistance services, creation and maintenance of a provider registry, and establishment of wages and other benefits the providers (subject to legislative authorization and department implementation).
- Transfer to the Council all employees of the predecessor body necessary for the operation of the Council, and provide for the protection of their status, salary, and benefits.
- Create in statute a 13-member board of directors, which, among other things, would adopt an operating budget and establish general policy guidelines. The board would have to hire a chief executive officer; the CEO would be responsible for the day-to-day operations of the Council.
- Require the Council to comply with anti-discrimination laws regarding employees and providing services to clients.

- Require the Council, DCH, and any other necessary state departments or agencies to seek any federal approvals needed for implementation of the bill.
- Require the Council to submit an annual report to the Governor and Legislature.
- Require all powers granted by the bill's provisions to be broadly interpreted to effectuate the intent and purposes of the bill.

**FISCAL IMPACT:**

A fiscal analysis is in process.
