Senate Bill 135 (as introduced 1-29-09)  
Sponsor: Senator John Pappageorge  
Committee: Transportation

Date Completed: 5-11-09

### **CONTENT**

**The bill would amend the Michigan Vehicle Code to do the following:**

- Remove the limit on State-sponsored fund-raising license plates.**
- Require the Secretary of State (SOS) to develop and issue a fund-raising plate recognizing the Michigan Humane Society.**
- Create the "Michigan Humane Society Fund" and require donations for those plates to be deposited into the Fund.**
- Require money in the Fund to be disbursed to the Michigan humane Society for pet sterilization.**

The Code allows the SOS, at one time, to develop up to eight State-sponsored fund-raising registration plates and matching State-sponsored collector plates. The bill would remove that limit on the number of plates.

The bill would require the SOS to develop under Section 811e and issue under Section 811f a fund-raising plate recognizing the Michigan Humane Society. The SOS would have to design the fund-raising plate in conjunction with that organization.

(Section 811e permits the SOS to develop a fund-raising plate under certain conditions. A start-up fee of \$15,000 must be paid for any new fund-raising plate, to be used for the cost of creating, producing, and issuing the plate. Under Section 811f, an application for an original fund-raising plate must be accompanied by a \$25 fund-raising donation, payment of the regular vehicle registration tax, and a \$10 service fee. An application for renewal of a fund-raising plate must be accompanied by payment of the required registration tax and a \$10 fund-raising fee.)

The bill would create the Michigan Humane Society Fund within the State Treasury. The SOS would have to transfer the donation money from the sale of the plate to the State Treasurer, who would have to credit the money to the Fund. The State Treasurer would have to disburse money in the Fund on a quarterly basis to the Michigan Humane Society for the purpose of pet sterilization.

The Michigan Department of Agriculture would be the administrator of the Fund for auditing purposes. The Treasurer could receive money or other assets from any source for deposit into the Fund. The Treasurer would have to direct the investment of the Fund and credit to it interest and earnings from Fund investments. Money in the Fund at the close of the fiscal year would have to remain in the Fund and not lapse into the State General Fund.

Beginning not later than February 1, 2011, the Michigan Humane Society would have to submit to the Department of Treasury a summary of the previous year's expenditures of the money received under the bill.

MCL 257.811e et al.

### **BACKGROUND**

The Michigan Humane Society is a nonprofit organization dedicated to ending companion animal homelessness. The organization operates animal shelters and provides low-cost pet sterilization, emergency animal rescue, and other animal care. The organization provides care for over 100,000 animals annually, according to its website.

Legislative Analyst: Curtis Walker

### **FISCAL IMPACT**

The bill would create a start-up cost to the Department of State. The start-up fee of \$15,000 prescribed in the Code could be paid to the Department of State from the Humane Society Fund proposed in the bill; however, the bill does not include such a requirement. The revenue generated from the fund-raising license plate established under the bill would be deposited into the proposed Humane Society Fund, after which the State Treasurer would disburse payments from the Fund on a quarterly basis to the Michigan Humane Society for pet sterilization.

The bill would have no fiscal impact on local government.
