3 individual interest of any person, public or private corporation,
4 local or regional transportation authority, local governmental
5 unit, private carrier, group of rail users, state agency, other
6 public or private entity, including a port authority established
7 under the Hertel-Law-T. Stopczynski port authority act, 1978 PA

4 entities listed in this subsection with appropriate reimbursement,
5 as determined by the department.

6 (2) The department may begin divestiture or offer 10-year
7 leases to the current operator of the properties described in this
8 subsection within 180 days after July 3, 1998. Except as otherwise
9 provided in this act, the department shall accomplish divestiture
10 or create leases, without partitioning a segment or a portion of a
11 segment, in the following order from the smallest segment first to
12 the largest segment last, of the following defined segments of
13 state-owned rail property:

14 (a) Lenawee county system means the rail lines owned by the
15 state between Adrian and Riga, between Grosvenor and River Raisin
16 and Lenawee Junction.

17 (b) Hillsdale county system means the rail lines owned by the
18 state between Litchfield and the Indiana state line and between
19 Jonesville and Quincy.

3 (3) The specific terms of a sale will be as determined by the
4 department except for the following required conditions:

5 (a) Each purchase agreement shall require that the purchase
6 price shall be not less than the net liquidation value of the rail
7 line or lines.

8 (b) Each purchase agreement shall require that the purchaser
9 provide at a minimum the average level of service adjusted for
10 traffic levels for 3 years after the date of sale unless otherwise
11 mutually agreed upon between the purchaser and shippers that
12 existed on that line on July 3, 1998, and that rates on the segment
13 purchased from the state will not increase more than the average
14 percentage increase in the Detroit consumer price index for the 12-
15 month period each year for the base rate in effect on January 1,
16 1996 for 3 years after the date of sale.

17 (c) Trackage in the segments sold by the state shall be
18 maintained at not less than the federal railway administration
19 class of track standards for each segment as of January 1, 1998.

20 (d) In the case of the sale of the segment described in
21 subsection (2)(d), the purchaser shall be required to charge
22 reasonable freight rates for that section between Durand and Ann
23 Arbor and honor all existing freight rate agreements and trackage
24 rights for 3 years after the date of sale.

25 (e) Any existing lease or agreement for operation of a segment
26 in effect on July 3, 1998 shall be extended at the same terms and
27 conditions until a sale or lease is executed.

1 (4) If there are no acceptable offers to purchase, the
2 property shall be offered for a lease of not less than 10 years, by
3 the department to the following parties in descending order:

4 (a) Current operator.

5 (b) Current shippers on that segment.

6 (c) Governmental entities.

7 (d) Other railroad companies.

8 (5) If the purchaser or lessee fails to comply with the
9 conditions of sale or lease, the property shall revert back to the
10 department and shall then be offered for sale or lease to the
11 following parties in descending order:

12 (a) Current shippers on that segment.

13 (b) Governmental entities.

14 (c) Other railroad companies.

15 (6) Before the execution of a purchase agreement, the
16 potential purchaser shall submit to the department its most recent
17 financial statement and a proposed operation plan including
18 tributary lines and including known potential sublease agreements.
19 As used in this subsection, "tributary lines" means spur rail lines
20 that only intersect with a rail line owned by the state on July 3,
21 1998.

22 (7) If during the first 10 years after purchase the purchaser
23 abandons service and sells the segment or any portion of the
24 segment that does not involve main line track, or any rails, ties,
25 or ballast, excluding normal salvage, 95% of the proceeds from the
26 sale shall be returned to the state as additional purchase price. A
27 segment or a portion of a segment may be sold with the approval of

1 the department.

2 (8) A party aggrieved by the performance or failure to perform
3 under the terms of a purchase agreement may bring an action in the
4 circuit court where the party resides or where the property is
5 located for appropriate relief.

6 (9) The specific terms of a lease will be as determined by the
7 department except for the following required conditions:

8 (a) Each lease agreement shall require that the lessee provide
9 at a minimum the average level of service adjusted for traffic
10 levels for 3 years after the date of the lease agreement unless
11 otherwise mutually agreed upon between the lessee and shippers that
12 existed on that line on the effective date of the amendatory act
13 that added this subsection, and that rates on that segment leased
14 from the state will not increase more than the average percentage
15 increase in the Detroit consumer price index for the 12-month
16 period each year for the base rate in effect on January 1, 1996 for
17 3 years after the date of the lease.

18 (b) Not less than 50% of trackage rights revenues shall be
19 reinvested in eligible expenditures. As used in this subdivision,
20 "eligible expenditures" includes the material and direct expenses
21 required for the installation of railroad ties, track, ballast,
22 crossing improvements, ditch and drainage repair or improvements,
23 brush trimming, and the expenses required to conduct track and
24 signal inspections as specified in federal regulations.

25 (c) Trackage in the segments leased by the state shall be
26 maintained at not less than the federal railway administration
27 class of track standards for each segment as of January 1, 1998.

1 (d) In the case of a lease of the segment described in
2 subsection (2)(d), the lessee shall be required to charge
3 reasonable freight rates for that section between Durand and Ann
4 Arbor and honor all existing freight rate agreements and trackage
5 rights for 3 years after the date of sale.

6 (10) A party aggrieved by the performance or failure to
7 perform under the terms of a lease agreement may bring an action in
8 the circuit court where the party resides or where the property is
9 located for appropriate relief.

10 (11) Upon acquisition of a right-of-way, the department may
11 preserve the right-of-way for future use as a railroad line and, if
12 preserving it for that use, shall not permit any action which would
13 render it unsuitable for future rail use. However, if the
14 department determines a right-of-way or other property acquired
15 under this act is no longer necessary for railroad transportation
16 purposes, the department may preserve and utilize the right-of-way
17 for other transportation purposes or may dispose of the right-of-
18 way or other property acquired under this act for the purposes
19 described in section 6, or may dispose of or lease the right-of-way
20 or other property for other purposes, as appropriate. However, the
21 department shall not dispose of or lease a right-of-way without
22 first offering to transfer the right-of-way to the department of
23 natural resources. If the department of natural resources desires
24 to lease or purchase the right-of-way, the department of natural
25 resources must indicate their desire within 60 days and accept the
26 offered transfer within 1 year after the offer is made. If the
27 department of natural resources does not indicate their desires

1 within 60 days, the department may dispose of or lease the right-
2 of-way as otherwise provided for in this act. If the department of
3 natural resources does not accept the offered transfer within 1
4 year after indicating their desire to lease or purchase the right-
5 of-way, the department may dispose of or lease the right-of-way as
6 otherwise provided for in this act. When appropriate, a right-of-
7 way or other property shall be transferred or leased to a public or
8 private entity with appropriate reimbursement, as determined by the
9 department.

10 (12) In preserving a right-of-way for future rail use, the
11 department may do 1 or more of the following:

12 (a) Develop the right-of-way for use as a commuter trail where
13 the use is feasible and needed or lease the right-of-way to a
14 county, city, village, or township expressing a desire to develop
15 the right-of-way as a commuter trail. The lease shall be for an
16 indefinite period of time, cancelable by the department only if the
17 right-of-way is needed for rail usage. The trails, unless leased to
18 a county, city, village, or township, shall remain under the
19 jurisdiction of the department.

20 (b) Transfer, for appropriate reimbursement, the right-of-way
21 to the department of natural resources for use as a Michigan
22 railway pursuant to part 721 of the natural resources and
23 environmental protection act, 1994 PA 451, MCL 324.72101 to
24 324.72113, if the deed includes restrictions on the use of the
25 property that assure that the property remains viable for future
26 rail usage, and includes a clause that provides that the department
27 of natural resources shall transfer, for appropriate reimbursement,

1 the right-of-way to the department, upon a determination of the
2 director of the department that the right-of-way is needed for use
3 as a railroad line.

4 (c) Lease the right-of-way to the department of natural
5 resources, or upon approval of the department of natural resources,
6 to a county, city, village, or township for use as a recreational
7 trail. The lease shall be for an indefinite period of time,
8 cancelable by the department only if the right-of-way is needed for
9 rail usage. A recreational trail shall be reserved for non-
10 motorized forms of recreation or snowmobiling only. Snowmobiling
11 shall not be allowed on more than 50% of the mileage of the
12 recreational trails established pursuant to this act.

13 (d) In cases where a trail serves both a significant commuter
14 and recreation function, authorize the joint development of the
15 trail by the department and the department of natural resources, or
16 the department and any interested county, city, village, or
17 township. Administration of the trail shall be determined jointly
18 by the department and the department of natural resources.

19 (13) As a term of conveyance, the department may require
20 restrictions on the use of the property that assure that the
21 property remains viable for future rail use and that the rail line
22 is made available by the purchaser for future freight or passenger
23 rail uses and that the property shall revert to the department if
24 the purchaser fails to maintain the property so that it remains
25 viable for future rail use.
