20 Sec. 1280. (1) The board of a school district that does not
21 want to be subject to the measures described in this section shall
22 ensure that each public school within the school district is
23 accredited.

24 (2) As used in subsection (1), and subject to subsection (6),
25 "accredited" means certified by the superintendent of public
26 instruction as having met or exceeded standards established under
27 this section for 6 areas of school operation: administration and

1 school organization, curricula, staff, school plant and facilities,
2 school and community relations, and school improvement plans and
3 student performance. The building-level evaluation used in the
4 accreditation process shall include, but is not limited to, school
5 data collection, self-study, visitation and validation,
6 determination of performance data to be used, and the development
7 of a school improvement plan.

8 (3) The department shall develop and distribute to all public
9 schools proposed accreditation standards. Upon distribution of the
10 proposed standards, the department shall hold statewide public
11 hearings for the purpose of receiving testimony concerning the
12 standards. After a review of the testimony, the department shall
13 revise and submit the proposed standards to the superintendent of
14 public instruction. After a review and revision, if appropriate, of
15 the proposed standards, the superintendent of public instruction
16 shall submit the proposed standards to the senate and house
17 committees that have the responsibility for education legislation.
18 Upon approval by these committees, the department shall distribute
19 to all public schools the standards to be applied to each school
20 for accreditation purposes. The superintendent of public
21 instruction shall review and update the accreditation standards
22 annually using the process prescribed under this subsection.

23 (4) The superintendent of public instruction shall develop and
24 distribute to all public schools standards for determining that a
25 school is eligible for summary accreditation under subsection (6).
26 The standards shall be developed, reviewed, approved, and
27 distributed using the same process as prescribed in subsection (3)

1 for accreditation standards, and shall be finally distributed and
2 implemented not later than December 31, 1994.

3 (5) The standards for accreditation or summary accreditation
4 under this section shall include as criteria pupil performance on
5 Michigan education assessment program (MEAP) tests and on the
6 Michigan merit examination under section 1279g, ~~and, until the~~
7 ~~Michigan merit examination has been fully implemented, the~~
8 ~~percentage of pupils achieving state endorsement under section~~
9 ~~1279, but shall not be based solely on pupil performance on MEAP~~
10 ~~tests or the Michigan merit examination. or on the percentage of~~
11 ~~pupils achieving state endorsement under section 1279.~~ The
12 standards shall also include as criteria multiple year change in
13 pupil performance on MEAP tests and the Michigan merit examination.
14 ~~and, until after the Michigan merit examination is fully~~
15 ~~implemented, multiple year change in the percentage of pupils~~
16 ~~achieving state endorsement under section 1279.~~ If it is necessary
17 for the superintendent of public instruction to revise
18 accreditation or summary accreditation standards established under
19 subsection (3) or (4) to comply with this subsection, the revised
20 standards shall be developed, reviewed, approved, and distributed
21 using the same process as prescribed in subsection (3).

22 (6) If the superintendent of public instruction determines
23 that a public school has met the standards established under
24 subsection (4) or (5) for summary accreditation, the school is
25 considered to be accredited without the necessity for a full
26 building-level evaluation under subsection (2).

27 (7) If the superintendent of public instruction determines

1 that a school has not met the standards established under
2 subsection (4) or (5) for summary accreditation but that the school
3 is making progress toward meeting those standards, or if, based on
4 a full building-level evaluation under subsection (2), the
5 superintendent of public instruction determines that a school has
6 not met the standards for accreditation but is making progress
7 toward meeting those standards, the school is in interim status and
8 is subject to a full building-level evaluation as provided in this
9 section.

10 (8) If a school has not met the standards established under
11 subsection (4) or (5) for summary accreditation and is not eligible
12 for interim status under subsection (7), the school is unaccredited
13 and subject to the measures provided in this section.

14 (9) ~~Beginning with the 2002-2003 school year, if~~ **IF** at least
15 5% of a public school's answer sheets from the administration of
16 the Michigan educational assessment program (MEAP) tests are lost
17 by the department or by a state contractor and if the public school
18 can verify that the answer sheets were collected from pupils and
19 forwarded to the department or the contractor, the department shall
20 not assign an accreditation score or school report card grade to
21 the public school for that subject area for the corresponding year
22 for the purposes of determining state accreditation under this
23 section. The department shall not assign an accreditation score or
24 school report card grade to the public school for that subject area
25 until the results of all tests for the next year are available.

26 (10) Subsection (9) does not preclude the department from
27 determining whether a public school or a school district has

1 achieved adequate yearly progress for the school year in which the
2 answer sheets were lost for the purposes of the no child left
3 behind act of 2001, Public Law 107-110. However, the department
4 shall ensure that a public school or the school district is not
5 penalized when determining adequate yearly progress status due to
6 the fact that the public school's MEAP answer sheets were lost by
7 the department or by a state contractor, but shall not require a
8 public school or school district to retest pupils or produce scores
9 from another test for this purpose.

10 (11) The superintendent of public instruction shall annually
11 review and evaluate for accreditation purposes the performance of
12 each school that is unaccredited and as many of the schools that
13 are in interim status as permitted by the department's resources.

14 (12) The superintendent of public instruction shall, and the
15 intermediate school district to which a school district is
16 constituent, a consortium of intermediate school districts, or any
17 combination thereof may, provide technical assistance, as
18 appropriate, to a school that is unaccredited or that is in interim
19 status upon request of the board of the school district in which
20 the school is located. If requests to the superintendent of public
21 instruction for technical assistance exceed the capacity, priority
22 shall be given to unaccredited schools.

23 (13) A school that has been unaccredited for 3 consecutive
24 years is subject to 1 or more of the following measures, as
25 determined by the superintendent of public instruction:

26 (a) The superintendent of public instruction or his or her
27 designee shall appoint at the expense of the affected school

1 district an administrator of the school until the school becomes
2 accredited.

3 (b) A parent, legal guardian, or person in loco parentis of a
4 child who attends the school may send his or her child to any
5 accredited public school with an appropriate grade level within the
6 school district.

7 (c) The school, with the approval of the superintendent of
8 public instruction, shall align itself with an existing research-
9 based school improvement model or establish an affiliation for
10 providing assistance to the school with a college or university
11 located in this state.

12 (d) The school shall be closed.

13 (14) The superintendent of public instruction shall evaluate
14 the school accreditation program and the status of schools under
15 this section and shall submit an annual report based upon the
16 evaluation to the senate and house committees that have the
17 responsibility for education legislation. The report shall address
18 the reasons each unaccredited school is not accredited and shall
19 recommend legislative action that will result in the accreditation
20 of all public schools in this state.

21 (15) ~~Beginning with the 2008-2009 school year, a~~ **A** high school
22 shall not be accredited by the department unless the department
23 determines that the high school is providing or has otherwise
24 ensured that all pupils have access to all of the elements of the
25 curriculum required under sections 1278a and 1278b. If it is
26 necessary for the superintendent of public instruction to revise
27 accreditation or summary accreditation standards established under

1 subsection (3) or (4) to comply with the changes made to this
2 section by the amendatory act that added this subsection, the
3 revised standards shall be developed, reviewed, approved, and
4 distributed using the same process as prescribed in subsection (3).

5 (16) IF A SCHOOL DISTRICT PROVIDES SERVICES TO PUPILS WHO ARE
6 CONVICTED OF A CRIME OR ARE ADJUDICATED YOUTH AND WHO ARE PLACED BY
7 A COURT IN A JUVENILE DETENTION OR OTHER FACILITY FOR MORE THAN 2
8 DAYS, THE SCHOOL DISTRICT MAY EXCLUDE THOSE PUPILS AND DATA
9 RELATING TO THOSE PUPILS FROM CALCULATIONS MADE FOR THE PURPOSES OF
10 THIS SECTION.
