### Motions and Resolutions

Reps. Kesto, Barnett, Brown, Cavanagh, Cotter, Crawford, Darany, Durhal, Heise, Howrylak, Kelly, Lori, Poleski, Santana, Singh, Slavens and Talabi offered the following resolution:

**House Resolution No. 115.**

A resolution to declare May 1, 2013, as Law Day in the state of Michigan.

Whereas, The American justice system is charged with upholding and protecting the rights, as well as the freedom and justice of all Americans; and

Whereas, Congress issued a joint resolution in 1961 declaring May 1 as Law Day, which is a national day to recognize and celebrate our justice system and the rule of law; and

Whereas, The Law Day 2013 theme, “Realizing the Dream: Equality for All,” provides an opportunity to highlight the promise of equality under the law; and

Whereas, We urge all community residents, school administrators, teachers and students, business and civic leaders, legal professionals and law students to support this national day by participating in Law Day activities; now, therefore be it

Resolved by the House of Representatives, That the members of this legislative body declare May 1, 2013, as Law Day in the state of Michigan. We urge acknowledgement of the importance of our legal and judicial systems with appropriate ceremonies and activities, and to display the flag of the United States and the state of Michigan in support of this educational observance; and be it further

Resolved, That the citizens, schools, businesses, media, religious institutions, civic, and service organizations of the state of Michigan are encouraged to use this occasion to commemorate Law Day.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Callton, Barnett, Brown, Cavanagh, Cotter, Crawford, Darany, Durhal, Heise, Howrylak, Kelly, Lori, Poleski, Santana, Singh and Slavens offered the following resolution:

**House Resolution No. 116.**

A resolution to declare the month of April 2013 as Community Bankers Month in the state of Michigan.

Whereas, Community banks have and continue to play a pivotal role in our economy and this state’s economic comeback; and

Whereas, Throughout the country there are more than 7,000 community banks, with over 100 in the state of Michigan, employing hundreds of thousands of Americans nationwide; and

Whereas, Community banks are a driving force in the banking community, constituting 96.6 percent of all banks and are key in providing financial services to millions of Americans and businesses; and

Whereas, Community banks help grow and strengthen our communities through their partnership with local charities and organizations; and

Whereas, Local businesses rely on loans and funding from community banks, with 60% of all small businesses under \$1 million being funded by community banks nationwide; and

Whereas, Community banking keeps money in communities through reinvestments into local businesses and people, proving greater opportunities and flexibility in lending decisions that help families and businesses, especially during tough economic times; and

Whereas, Community banks not only help the communities in which they are located, but they too are part of the small business community that forms the backbone of our state's and nation's economies; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2013 as Community Bankers month in the state of Michigan. We recognize the important role they play in strengthening and building our communities and our state. We urge all citizens to show their support for their community banking and to acknowledge the contributions and personalized service provided by community banks.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Schor, Brown, Cavanagh, Darany, Durhal and Talabi offered the following resolution:

**House Resolution No. 117.**

A resolution to urge the Michigan Department of Education to add to its model curriculum content standards and benchmarks a requirement that first grade students demonstrate knowledge of their home address and telephone number.

Whereas, Knowing one's home address and telephone number is a fundamental building block for awareness of self and surroundings. Children should learn this information early and be able to provide the information when necessary; and

Whereas, Circumstances can arise in children's lives where this knowledge is essential and key to their safety. Being able to tell a substitute school bus driver, an adult when separated from parents, or a first responder, their home address or phone number could be vital in an emergency situation; and

Whereas, Learning and being able to recite this information should be incorporated into the first grade curriculum for every Michigan child. Schools have responsibility for students while they are away from their family and this is one way to help ensure a child's safety; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Department of Education to add to its model curriculum content standards and benchmarks a requirement that first grade students demonstrate knowledge of their home address and telephone number; and be it further

Resolved, That copies of this resolution be transmitted to the State Superintendent of Instruction.

The resolution was referred to the Committee on Education.

Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:

“An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to regulate the introduction and use of certain evidence; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to provide appropriations for certain purposes; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date.”

The House agreed to the full title.

Rep. Stamas moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Hooker, having reserved the right to explain his protest against the passage of the bill, made the following statement:  
“Mr. Speaker and members of the House:

I fully support the law that protects children with car seats. I would never support removing that law. The current law allows a situation that a one time situation where a car seat wasn't available to allow parent, grandparent or another to prove a car seat is purchased allows for a one time exemption from the fine. This takes this exception away and unless a special exemption is given by a judge in a court of law, the fine must be paid. I would have supported an amendment that made exemptions limited but view this at a added fee grab.”

----------	-------	-------	---------

In The Chair: Walsh

The House agreed to the title of the bill.

Rep. Shirkey moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Geiss, having reserved the right to explain his protest against the passage of the bill, made the following statement:  
“Mr. Speaker and members of the House:

This package of bills, 4458 thru 4464, which attempt to address an issue currently being litigated against the communities I represent confirms the fact that Taylor, Romulus and Van Buren Township have been following the law as it relates to TIFA capture. If they had not been following the law in retaining a portion of the DIA and Detroit Zoo tax levies, this package of bills would not be required. Thank you to my colleagues for confirming that my district is law abiding.

I do not dispute the fact that the funds approved for the DIA and Detroit Zoo should go for their intended purposes, but I'm also mindful of the fact that one of my communities is under a deficit elimination plan with the State Treasurer's office. I cannot support legislation at this time which would further erode the vital city services which my hometown relies on. While on the Taylor City Council, I often spoke of needs versus wants. We need fire protection. We need police protection. We want a nice zoo. We want a nice museum. When the debate is focused on needs versus wants, the needs must always prevail.

Last week, I attempted to amend HB 4458 to tie bar it to legislation, HB 4537, that addresses another, more important issue related to TIFA's. HB 4537 addresses the fact that in circumstances where a communities Police and Fire pension system is not fully funded, and requires a special millage to restore financial solvency, that the special millage not be captured by the local TIFA's. I introduced my original bill last term, 14 months ago, and never had a hearing. I introduced my current bill on April 11, 2013, and have not had a hearing.

Why is the legislation being debated today being rushed through hearings and passage in only one month, where other legislation that attempts to address another issue with TIFA's has languished for over a year? Simple, the issue is about tax dollars not flowing from my County to theirs. Just as tax dollars flow from my district to other districts in the form of the Aviation Fuel Tax, the Hotel Tax and the Rental Car tax, these bills address additional taxes flowing from my district to the Zoo and DIA.

But what is more important to my residents? If this package of bills passing, their taxes will not go down. If my legislation dealing with the TIFA capture of Police and Fire millages passes, the residents of Taylor's tax bill will go down.

As the Chairman of Appropriations stated last week, we must use the precious resource of public tax dollars wisely. I cannot support this package of bills today because it does not address the financial tax burden being paid by my constituents to support institutions in other districts. That is why I urged a no vote on the House floor today."

Rep. Slavens, having reserved the right to explain her protest against the passage of the bill, made the following statement: "Mr. Speaker and members of the House:

I voted no on HB 4458, HB 4459, HB 4460, HB 4461, HB 4462, HB 4463, and HB 4464. I voted no because there is currently a court case pending before the Circuit Court for the County of Wayne requesting that the Court find that these specific tax increment financing authorities are legally able to capture the revenues associated with these mills. I do not believe I can vote for this legislation until I have additional information from the Court on interpreting the law."

Rep. Olumba entered the House Chambers.

#### **House Bill No. 4459, entitled**

A bill to amend 1975 PA 197, entitled "An act to provide for the establishment of a downtown development authority; to prescribe its powers and duties; to correct and prevent deterioration in business districts; to encourage historic preservation; to authorize the acquisition and disposal of interests in real and personal property; to authorize the creation and implementation of development plans in the districts; to promote the economic growth of the districts; to create a board; to prescribe its powers and duties; to authorize the levy and collection of taxes; to authorize the issuance of bonds and other evidences of indebtedness; to authorize the use of tax increment financing; to reimburse downtown development authorities for certain losses of tax increment revenues; and to prescribe the powers and duties of certain state officials," by amending section 1 (MCL 125.1651), as amended by 2012 PA 396.

Last week, I attempted to amend HB 4458 to tie bar it to legislation, HB 4537, that addresses another, more important issue related to TIFA’s. HB 4537 addresses the fact that in circumstances where a communities Police and Fire pension system is not fully funded, and requires a special millage to restore financial solvency, that the special millage not be captured by the local TIFA’s. I introduced my original bill last term, 14 months ago, and never had a hearing. I introduced my current bill on April 11, 2013, and have not had a hearing.

Why is the legislation being debated today being rushed through hearings and passage in only one month, where other legislation that attempts to address another issue with TIFA’s has languished for over a year? Simple, the issue is about tax dollars not flowing from my County to theirs. Just as tax dollars flow from my district to other districts in the form of the Aviation Fuel Tax, the Hotel Tax and the Rental Car tax, these bills address additional taxes flowing from my district to the Zoo and DIA.

But what is more important to my residents? If this package of bills passing, their taxes will not go down. If my legislation dealing with the TIFA capture of Police and Fire millages passes, the residents of Taylor’s tax bill will go down.

As the Chairman of Appropriations stated last week, we must use the precious resource of public tax dollars wisely. I cannot support this package of bills today because it does not address the financial tax burden being paid by my constituents to support institutions in other districts. That is why I urged a no vote on the House floor today.”

Rep. Stamas moved that the bill be given immediate effect.

Rep. Slavens, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted no on HB 4458, HB 4459, HB 4460, HB 4461, HB 4462, HB 4463, and HB 4464. I voted no because there is currently a court case pending before the Circuit Court for the County of Wayne requesting that the Court find that these specific tax increment financing authorities are legally able to capture the revenues associated with these mills. I do not believe I can vote for this legislation until I have additional information from the Court on interpreting the law.”

Rep. Geiss, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

This package of bills, 4458 thru 4464, which attempt to address an issue currently being litigated against the communities I represent confirms the fact that Taylor, Romulus and Van Buren Township have been following the law as it relates to TIFA capture. If they had not been following the law in retaining a portion of the DIA and Detroit Zoo tax levies, this package of bills would not be required. Thank you to my colleagues for confirming that my district is law abiding.

I do not dispute the fact that the funds approved for the DIA and Detroit Zoo should go for their intended purposes, but I'm also mindful of the fact that one of my communities is under a deficit elimination plan with the State Treasurer's office. I cannot support legislation at this time which would further erode the vital city services which my hometown relies on. While on the Taylor City Council, I often spoke of needs versus wants. We need fire protection. We need police protection. We want a nice zoo. We want a nice museum. When the debate is focused on needs versus wants, the needs must always prevail.

### **Announcements by the Clerk**

The Clerk received the following dissent on **Senate Bill No. 97**, from Rep. Irwin:

I continue to object to the use of procedural tricks to subvert the Constitutional rights of citizens to know accurately the actions of the House of Representatives. Motions for immediate effect are routinely gaveled through without even a pretense of vote counting. This motion requires support from 2/3rds of the members and there is no genuine effort to ascertain the level of support for immediate effect. I object to this practice and I object to the erroneous assertions printed in the House Journal that suggest an authentic counting of votes occurred on the House floor.
