

Rep. Outman offered the following resolution:

House Resolution No. 111.

A resolution to declare April 2013 as Safe Digging Month in the state of Michigan.

Whereas, This April marks the five-year anniversary for both National Safe Digging Month and the 811 campaign, which offers Michigan residents an easy-to-remember, toll-free number to call at least three days before beginning any digging project; and

Whereas, By simply dialing 811, Michigan homeowners and contractors are connected to MISS DIG System, Inc. which notifies appropriate utility owners of their intent to dig; and

Whereas, Calling 811 is the safe way to learn the approximate location of underground utilities that include natural gas, electric, phone, internet, water and sewer. The month of April traditionally marks the beginning of the commercial and residential construction season, when large scale projects like buildings and road work begin, as well as smaller jobs like installing landscaping, decks, fencing and even street mailboxes; and

Whereas, Each year because of these and other excavation projects, Michigan's utility infrastructure can be unintentionally damaged by those who fail to call 811 at least three working days prior to digging. Undesired consequences such as service interruption, damage to property and the environment, personal injury, and even death can potentially result; and

Whereas, MISS DIG System, Inc., as well as Consumers Energy, DTE Energy, SEMCO Energy and other Michigan utilities along with the Michigan Public Service Commission, Michigan legislators and the national Common Ground Alliance organization, promote the national call-before-you-dig number, 811, in an effort to reduce these damages; and

Whereas, Excavators and homeowners can save time and money while keeping our state and its residents and workers safe and connected by calling 811 in advance of any excavation project, waiting three working days, respecting the marked lines by maintaining visual definition throughout the course of the excavation, and digging with care around the markings; and

Whereas, All parties agree that safety is a shared responsibility. To know what's below, call 811 before digging; and

Whereas, Through this partnership with these and other utilities, one call centers, and state and local governments, the 811 campaign is marking its sixth year of nationwide success at sharing safe digging practices; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2013 as Safe Digging Month in the state of Michigan. We encourage excavators and homeowners throughout our great state to always call 811 before digging. Safe digging is no accident.
