“Eternal Father, as we gather here in the House of Representatives, we thank You for blessing the Great state of Michigan with our natural resources and the diversity of our population. We thank You for entrusting all the citizens of Michigan, especially our representatives, as stewards of Your creation and all human life.

Father, we ask You, in the name of Jesus, to let the Holy Spirit be unleashed in this chamber of government and in all of our lives. Let the fruits of the Holy Spirit of love, joy, peace, patience, kindness, generosity, faithfulness, gentleness, and self-control flourish within us. Allow us to be able to love our neighbor as ourselves to where we can put aside our own selfishness and look after one another as Your Son Jesus taught us. Allow us to see Your guiding hand in the decisions that we make today and every day for the common good of all the citizens our state. Bless our families, bless our friends, and bless the citizens of Michigan. We ask this and so much more through Christ our Lord.”

House Resolution No. 274.

A resolution to declare April 2016 as Campus Sexual Assault Awareness and Prevention Month in the state of Michigan.

Whereas, Campus sexual violence is a prevalent and serious public health concern and according to the National Sexual Violence Resource Center, one in five women and one in 16 men will be sexually assaulted in college; and

Whereas, A survey by the Association of American Universities found that 26 percent of female college seniors reported experiencing unwanted sexual contact; and

Whereas, A report by the U.S. Department of Justice found that only 20 percent of female student survivors age 18-24 report to law enforcement; and

Whereas, The long-term effects of sexual assault can impact students in a variety of ways including physically, mentally, and academically; and

Whereas, Colleges and universities are in a unique position to help create and foster an environment where sexual abuse is intolerable and prevention is a priority; and

Whereas, Effective strategies can help address the root causes of sexual violence and a change in culture is crucial to ending campus sexual assault; and

Whereas, We must work with our colleges and universities to educate our entire population about what can be done to prevent sexual assault, support survivors, and ensure that survivors are not re-victimized; and

Whereas, When we actively increase education, awareness, and community involvement, we can help prevent sexual violence and create a safer environment for everyone; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2016 as Campus Sexual Assault Awareness and Prevention Month in the state of Michigan; and be it further

Resolved, That the House of Representatives strongly supports the efforts of national, state, and local partners, and of every citizen, to actively engage in public and private efforts to prevent sexual violence on college campuses and will take appropriate action and support one another to create a safer environment for students, faculty, staff, and surrounding communities.

Whereas, The most critical stages of vision development occur in the first year of a child's life; and

Whereas, Undetected eye and vision problems can lead to permanent vision impairment or loss of life; and

Whereas, One in 10 children is at risk from undiagnosed eye and vision problems; and

Whereas, One in 30 children will be affected by amblyopia, a leading cause of vision loss in people younger than 45 years; and

Whereas, Undetected vision problems can contribute to a decrease in a child's quality of life and may lead to developmental and behavioral difficulties which impede classroom learning, as well as increase the costs to society; and

Whereas, Early detection of vision problems is the best way to treat and prevent permanent vision impairment; and

Whereas, Member optometrists of the American Optometric Association and The Vision Care Institute of Johnson & Johnson Vision Care, Inc., have partnered to create InfantSee, a public health program to provide a one-time, no-cost eye assessment for infants six to twelve months; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 2-6, 2016, as InfantSee Week in the state of Michigan. Explanation of “No” Votes

Reps. Chirkun and Brunner, having reserved the right to explain their protest against the passage of **House Bill No. 5291**, made the following statement:

“Mr. Speaker and members of the House:

I voted no on House Bill 5291, the omnibus budget bill for the School Aid Fund, because I do not feel this version prioritizes students in our schools. Members of my caucus pushed for several amendments aimed at the needs of students and school districts across the state, but were met with resistance on all points. My main points of concern in this budget include: not returning our universities to 2011 level of funding which leads to tuition to continue to rise pricing our students out of a post-secondary education, investment in cyber schools at the expense of our brick and mortar schools

and the current obsession by House Republicans to prioritize their corporate special interests instead of schoolchildren. This movement to send public dollars to private institutions sets a dangerous precedent in our budget process. House Republicans are even furthering the disinvestment to our universities, given that five main institutions, three of which are top research universities, wouldn't be restored to their level of funding in 2011. Finally, House Republicans have eliminated the SAT which will lead to a loss of our ability to measure a student's success. I hope our Senate colleagues will see these missteps and correct it as the process moves forward."

Rep. Schor, having reserved the right to explain his protest against the passage of **House Bill No. 5291**, made the following statement:

"Mr. Speaker and members of the House:

I voted no on House Bill 5291, the omnibus budget bill for the School Aid Fund, because this bill falls short of what we need to be doing for our public school students. While I am happy about the inclusion of the 2x formula, which results in a significant increase per pupil for the Lansing School District as it moves towards parity with the wealthier districts, I am disappointed that all amendments aimed at the needs of students and school districts across the state were defeated by the Republican majority. My main points of concern in this budget include: equal investment in cyber schools as in brick and mortar schools, which doesn't make sense because cyber schools have significantly less expenses; sending public dollars to private institutions which violates the parochial (vouchers) provision of the Constitution; and elimination of the state providing fund for our high school students to take the SAT test. I am hopeful that our Senate colleagues will see improve this bill as the process moves forward."
