26 (b) Thirty-five percent of the amount in the same proportion  
27 that the total population outside of incorporated municipalities in

14 board of county road commissioners under a contract entered into  
15 under 1941 PA 205, MCL 252.51 to 252.64, that have been pledged for  
16 the payment of the principal and interest on bonds issued under  
17 that act, or for the payment of total debt service requirements

7 this subsection, beginning September 30, 2010, no more than 30% per

10 the county local road system of that county. An additional amount,  
11 not to exceed 20% per year of the amount returned to a county for  
12 use on the county primary road system, may be expended on the  
13 county local road system of that county if there is an emergency or  
14 if the county road commission determines that an additional 20% may  
15 be expended on the county local road system. The county road  
16 commission may attach any conditions to its determination if the  
17 determination is for nonemergency purposes, including, but not  
18 limited to, a requirement that the additional 20% expended on the  
19 county local road system only be used to supplement ~~funds~~ **MONEY**  
20 from other sources. No more than 15% per year of the amount  
21 returned to a county for expenditure on the county local road  
22 system may be used, with or without matching, on the county primary  
23 road system of that county, and not to exceed an additional 15% per  
24 year of the amount returned to a county for expenditure on the  
25 county local road system, may, in case of an emergency or with the  
26 approval of the county road commission, be expended, with or  
27 without matching, on the county primary road system of that county.

1 An amount returned to a county for and on account of county local  
2 roads ~~under this section~~ ~~THAT IS~~ in excess of the total amount  
3 paid into the county treasury each year by all of the townships of  
4 that county for and on account of the county local roads pursuant  
5 to section 14(6) may be transferred to and expended on the county  
6 primary road system of that county.

7 (10) Not less than 20% per year of the ~~funds~~ **MONEY** returned to  
8 a county by this section shall be expended for snow and ice  
9 removal, the construction or reconstruction of a new highway or  
10 existing highway, and the acquisition of a necessary right of way  
11 for those highways, and work incidental to those highways, or for  
12 the servicing of bonds issued by the county for these purposes.  
13 ~~Surplus funds~~ **A COUNTY** may be ~~expended~~ **EXPEND SURPLUS MONEY** for the  
14 development, construction, or repair of an off-street parking  
15 facility.

16 (11) Not more than 5% per year of the ~~funds~~ **MONEY** returned to  
17 a county for the county primary road system and the county local  
18 road system shall be expended for the maintenance, improvement, or  
19 acquisition of appurtenant roadside parks and motor parkways.

20 (12) ~~Funds~~ **MONEY** returned to a county shall be expended by the  
21 county road commission for the purposes provided in this section  
22 and shall be deposited by the county treasurer in a designated  
23 county depository, in a separate account to the credit of the  
24 county road fund, and shall be paid out only upon the order of the  
25 county road commission, and interest accruing on the money shall  
26 become a part of, and be deposited with the county road fund.

27 (13) In a county to which ~~funds are~~ **MONEY IS** returned under

1 this section, the function of the county road commission ~~shall be~~  
2 **IS** limited to the formation of policy and the performance of the  
3 official duties imposed by law and delegated by the county board of  
4 commissioners. A member of the county road commission shall not be  
5 employed individually in any other capacity for other duties with  
6 the county road commission.

7 (14) A county road commission may enter into an agreement with  
8 a county road commission of an adjacent county and with a city or  
9 village to perform work on a highway, road, or street, and with the  
10 department with respect to a state trunk line **HIGHWAY** and  
11 connecting links of the state trunk line **HIGHWAY** within the limits  
12 of the county or adjacent to the county. The agreement may provide  
13 for the performance by each contracting party of the work  
14 contemplated by the contract including engineering services and the  
15 acquisition of rights of way in connection with the work  
16 contemplated, by purchase or condemnation, by any of the  
17 contracting parties in its own name and the agreement may provide  
18 for joint participation in the costs.

19 (15) Money distributed from the Michigan transportation fund  
20 may be expended for construction purposes on county local roads  
21 only to the extent matched by money from other sources. However,  
22 Michigan transportation funds may be expended for the construction  
23 of bridges on the county local roads in an amount not to exceed 75%  
24 of the cost of the construction of local road bridges.

25 (16) Notwithstanding any other provision of this act, at least  
26 90% of the state revenue returned annually to the county road  
27 commission from the Michigan transportation fund less the amounts

1 described in subdivisions (a) to (e) shall be expended annually by  
2 the county road commission for the preservation of highways, roads,  
3 streets, and bridges, and for the payment of contractual  
4 contributions pledged for the payment of bonds or portions of  
5 bonds, debt service requirements for the payment of bonds or  
6 portions of bonds, and debt service requirements for the payment of  
7 notes and loans or portions of notes and loans issued or received  
8 after July 1, 1983, for the purpose of providing ~~funds~~**MONEY** for  
9 the preservation of highways, roads, streets, and bridges. If an  
10 appropriate certificate is filed under subsection (18) but only to  
11 the extent necessary, this subsection does not prohibit the use of  
12 any amount of state revenue returned annually to the county road  
13 commissions for the payment of contractual contributions pledged  
14 for the payment of bonds, for debt service requirements for the  
15 payment of bonds, and for debt service requirements for the payment  
16 of notes or loans, whenever issued or received, as specified under  
17 subsection (8). The amounts that are deducted from the state  
18 revenue returned to a county road commission from the Michigan  
19 transportation fund, for the purpose of the calculation required by  
20 this subsection are as follows:

21 (a) Amounts expended for the purposes described in subsection  
22 (8) for bonds, notes, loans, or other obligations issued or  
23 received before July 2, 1983.

24 (b) Amounts expended for the administrative costs of the  
25 county road commission.

26 (c) Amounts expended for capital outlay projects for equipment  
27 and buildings, and for the payment of contractual contributions

1 pledged for the payment of bonds, for debt service requirements for  
2 the payment of bonds, and for debt service requirements for the  
3 payment of notes and loans issued or received after July 1, 1983,  
4 for the purpose of providing funds for capital outlay projects for  
5 equipment and buildings.

6 (d) Amounts expended for projects vital to the economy of the  
7 local area or the safety of the public in the local area. Before  
8 these amounts can be deducted, the governing body over the county  
9 road commission or the county road commission, as applicable, shall  
10 pass a resolution approving these projects. This resolution shall  
11 state which projects will be funded and the cost of each project. A  
12 copy of each approved resolution shall be forwarded immediately to  
13 the department.

14 (e) Amounts expended in urban areas as determined pursuant to  
15 section 12b.

16 (17) As used in this subsection, "urban routes" means those  
17 portions of 2-lane county primary roads within an urban area that  
18 have average daily traffic in excess of 15,000. Notwithstanding any  
19 other provision of this act, except as provided in this subsection,  
20 a county road commission shall annually expend at least 90% of the  
21 federal revenue distributed to the county road commission for  
22 highways, roads, streets, and bridges, less the amount expended on  
23 urban routes for purposes other than preservation and the amount  
24 expended for hard-surfacing of gravel roads on the federal-aid  
25 system, on the preservation of highways, roads, streets, and  
26 bridges. A county road commission may expend in 1 year less than  
27 90% of the federal revenue distributed to the county road

1 commission for highways, roads, streets, and bridges, less the  
2 amount expended on urban routes for purposes other than  
3 preservation and the amount expended for hard-surfacing of gravel  
4 roads on the federal-aid system, on the preservation of highways,  
5 roads, streets, and bridges, if that year is part of a 3-year  
6 period in which at least 90% of the total federal revenue  
7 distributed in the 3-year period to the county road commission for  
8 highways, roads, streets, and bridges, less the amount expended on  
9 urban routes for purposes other than preservation purposes and the  
10 amount expended for hard-surfacing of gravel roads on the federal-  
11 aid system, is expended on the preservation of highways, roads,  
12 streets, and bridges. If a county road commission expends in 1 year  
13 less than 90% of the federal revenue distributed to the county road  
14 commission for highways, roads, streets, and bridges, less the  
15 amount expended on urban routes for purposes other than  
16 preservation and the amount expended for hard-surfacing of gravel  
17 roads on the federal-aid system, on the preservation of highways,  
18 roads, streets, and bridges and that year is not a part of a 3-year  
19 period in which at least 90% of the total federal revenue  
20 distributed in the 3-year period to the county road commission for  
21 highways, roads, streets, and bridges, less the amount expended on  
22 urban routes for purposes other than preservation and the amount  
23 expended for hard-surfacing of gravel roads on the federal-aid  
24 system, is expended on the preservation of highways, roads,  
25 streets, and bridges, the county road commission shall expend in  
26 each year subsequent to the 3-year period 100%, or less in 1 year  
27 if sufficient for the purposes of this subsection, of the federal

1 revenue distributed to the county road commission for highways,  
2 roads, streets, and bridges, less the amount expended on urban  
3 routes for purposes other than preservation and the amount expended  
4 for hard-surfacing of gravel roads on the federal-aid system, on  
5 the preservation of highways, roads, streets, and bridges until the  
6 average percentage spent on the preservation of highways, roads,  
7 streets, and bridges in the 3-year period and the subsequent years,  
8 less the amount expended on urban routes for purposes other than  
9 preservation and the amount expended for hard-surfacing of gravel  
10 roads on the federal-aid system, is at least 90%. A year may be  
11 included in only one 3-year period for the purposes of this  
12 subsection. The requirements of this subsection shall be waived if  
13 compliance would cause the county road commission to be ineligible  
14 for federal revenue under federal law, but only to the extent  
15 necessary to make the county road commission eligible for that  
16 revenue under federal law. For the purpose of the calculations  
17 required by this subsection, the amount expended on urban routes by  
18 a county road commission for purposes other than preservation and  
19 the amount expended for hard-surfacing of gravel roads on the  
20 federal-aid system shall be deducted from the total federal revenue  
21 distributed to the use of the county road commission.

22 (18) A county road commission shall certify to the department  
23 on or before the issuance of any bonds or notes issued after July  
24 1, 1983, pursuant to 1943 PA 143, MCL 141.251 to 141.254, 1941 PA  
25 205, MCL 252.51 to 252.64, or section 18c or 18d, for purposes  
26 other than the preservation of highways, roads, streets, and  
27 bridges and purposes other than the purposes specified in

1 subsection (16)(c) that its average annual debt service  
2 requirements for all bonds and notes or portions of bonds and notes  
3 issued after July 1, 1983, for purposes other than the preservation  
4 of highways, roads, streets, and bridges and other than for the  
5 purposes specified in subsection (16)(c), including the bond or  
6 note to be issued does not exceed 10% of the ~~funds~~**MONEY** returned  
7 to the county road commission pursuant to this act, less the  
8 amounts specified in subsection (16)(a), (b), and (c) during the  
9 last completed fiscal year of the county road commission. If the  
10 purpose for which the bonds or notes are issued is changed after  
11 the issuance of the notes or bonds, the change shall be made in a  
12 manner that maintains compliance with the certification required by  
13 this subsection, as of the date the certificate was originally  
14 issued, but no such change shall invalidate or otherwise affect the  
15 bonds or notes with respect to which the certificate was issued or  
16 the obligation to pay debt service on the bonds or notes. A  
17 certification under this subsection is conclusive as to the matters  
18 stated in the certification for purposes of the validity of bonds  
19 and notes.

20 (19) In each charter county to which funds are returned under  
21 this section, the responsibility for road improvement,  
22 preservation, and traffic operation work, and the development,  
23 construction, or repair of off-road parking facilities and  
24 construction or repair of road lighting shall be coordinated by a  
25 single administrator ~~to be~~ designated by the county executive who  
26 shall be responsible for and shall represent the charter county in  
27 transactions with the department pursuant to this act.

1           (20) Not more than 10% per year of all of the ~~funds-MONEY~~  
2 received by and returned to a county from any source for the  
3 purposes of this section may be expended for administrative  
4 expenses. A county that expends more than 10% for administrative  
5 expenses in a year is subject to section 14(5) unless a waiver is  
6 granted by the department of treasury. As used in this subsection,  
7 "administrative expenses" means those expenses that are not  
8 assigned including, but not limited to, specific road construction  
9 or preservation projects and are often referred to as general or  
10 supportive services. Administrative expenses do not include net  
11 equipment expense, net capital outlay, debt service principal and  
12 interest, and payments to other state or local offices that are  
13 assigned, but not limited to, specific road construction projects  
14 or preservation activities.

15           (21) In addition to the financial compliance audits required  
16 by law, the department may conduct performance audits and make  
17 investigations of the disposition of all state ~~funds-MONEY~~ received  
18 by county road commissions, county boards of commissioners, or any  
19 other county governmental agency acting as the county road  
20 authority, for transportation purposes to determine compliance with  
21 the terms and conditions of this act. Performance audits shall be  
22 conducted according to government auditing standards issued by the  
23 United States ~~general accounting office.~~ **GENERAL ACCOUNTING OFFICE.**  
24 The department shall develop performance audit procedures and  
25 reporting requirements sufficient to determine whether ~~funds-MONEY~~  
26 expended under this section ~~were-WAS~~ expended in compliance with  
27 this act by September 1, 2012 and shall report to the

1 transportation committees of the senate and house of  
2 representatives no later than October 1, 2012 on the additional  
3 audit procedures and reporting requirements. The department shall  
4 provide notice to the county road commission, county board of  
5 commissioners, or any other county governmental agency acting as  
6 the county road authority, as applicable, of the standards to be  
7 used for audits performed under this subsection. The notice shall  
8 be provided 6 months prior to the fiscal year in which the audit is  
9 conducted. The department shall notify the county road commission,  
10 county board of commissioners, or any other county governmental  
11 agency acting as the county road authority of any subsequent  
12 changes to the standards. County road commissions, county boards of  
13 commissioners, or any other county governmental agencies acting as  
14 county road authorities, as applicable, shall make available to the  
15 department the pertinent records for the audit. Performance audits  
16 may be performed at the discretion of the department or upon  
17 receiving a request from the speaker of the house of  
18 representatives or the senate majority leader.

25 incorporated municipality shall be in place of any other direct  
26 distribution of ~~funds~~ **MONEY** from the Michigan transportation fund.  
27 The population of a newly incorporated municipality as determined

1 under this section shall be added to the total population of all  
2 incorporated cities and villages in the state in computing the  
3 amounts to be returned under this section to each municipality in  
4 the state. Major street mileage, local street mileage, and  
5 equivalent major mileage, if applicable, shall be determined by the  
6 department before the next month for which distribution is made  
7 following the effective date of incorporation of a newly  
8 incorporated municipality.

9 (2) From the amount available for distribution to cities and  
10 villages during each December, an amount equal to 0.7% of the total  
11 amount returned to all cities and villages under subsections (3)  
12 and (4) during the previous calendar year shall be withheld. The  
13 amount withheld shall be used to partially reimburse cities and  
14 villages located in counties that are eligible for snow removal  
15 funds pursuant to section 12a and that have costs for winter  
16 maintenance on major and local streets that are greater than the  
17 statewide average. The distributions shall be made annually during  
18 February and shall be calculated separately for the major and local  
19 street systems but may be paid in a combined warrant. The  
20 distribution to a city or village shall be equal to 1/2 of its  
21 winter maintenance expenditures after deducting the product of its  
22 total earnings under subsections (3) and (4) multiplied by 2 times  
23 the average municipal winter maintenance factor. Winter maintenance  
24 expenditures shall be determined from the street financial reports  
25 for the most current fiscal years ending before July 1. A city or  
26 village that does not submit a street financial report for the  
27 fiscal year ending before July 1 by the subsequent December 31 is

1 ineligible for the winter maintenance payment that is to be based  
2 on that street financial report. The department shall determine the  
3 average municipal winter maintenance factor annually by dividing  
4 the total expenditures of all cities and villages on winter  
5 maintenance of streets and highways by the total amount earned by  
6 all cities and villages under subsections (3) and (4) during the 12  
7 months. If the sum of the distributions to be made under this  
8 subsection exceeds the amount withheld, the distributions to each  
9 eligible city and village shall be reduced proportionately. If the  
10 sum is less than the amount withheld, the balance shall be added to  
11 the amount available for distribution under subsections (3) and (4)  
12 during the next month. The distributions shall be for use on the  
13 major and local street systems respectively and shall be subject to  
14 the same provisions as ~~fund~~**MONEY** returned under subsections (3)  
15 and (4).

16 (3) Seventy-five percent of the remaining amount to be  
17 returned to the cities and villages, after deducting the amounts  
18 withheld pursuant to subsection (2), shall be returned 60% in the  
19 same proportion that the population of each bears to the total  
20 population of all cities and villages, and 40% in the same  
21 proportion that the equivalent major mileage in each bears to the  
22 total equivalent major mileage in all cities and villages. The  
23 amount returned under this subsection shall be used by each city  
24 and village for the following purposes in the following order of  
25 priority:

26 (a) For the payment of contributions required to be made by a  
27 city or village under the provisions of contracts previously

1 entered into under 1941 PA 205, MCL 252.51 to 252.64, that have  
2 been previously pledged for the payment of the principal and  
3 interest on bonds issued under that act; or for the payment of the  
4 principal and interest upon bonds issued by a city or village  
5 pursuant to 1952 PA 175, MCL 247.701 to 247.707.

6 (b) Payment of obligations of the city or village on highway  
7 projects undertaken by the city or village jointly with the  
8 department.

9 (c) For the payment of principal and interest upon loans  
10 received pursuant to section 11(5), to the extent other ~~funds have~~  
11 **MONEY HAS** not been made available for that payment.

12 (d) For the preservation, construction, acquisition, and  
13 extension of the major street system as defined by this act  
14 including the acquisition of a necessary right of way for the  
15 system, work incidental to the system, and an appurtenant roadside  
16 park or motor parkway, of the city or village and for the payment  
17 of the principal and interest on that portion of the city's or  
18 village's general obligation bonds that are attributable to the  
19 construction or reconstruction of the city's or village's major  
20 street system. Not more than 5% per year of the ~~funds~~**MONEY**  
21 returned to a city or village by this subsection shall be expended  
22 for the preservation or acquisition of appurtenant roadside parks  
23 and motor parkways. Surplus ~~funds~~**MONEY** may be expended for the  
24 development, construction, or repair of off-street parking  
25 facilities, the construction or repair of street lighting, and  
26 transfer to the local street system under subsection (6).

27 (e) For capital outlay projects for equipment and buildings,

1 contributions pledged for the payment of loans and for the payment  
2 of contractual debt service requirements for the payment of bonds  
3 for the purpose of providing ~~funds~~**MONEY** for capital outlay  
4 projects for equipment and buildings necessary to the development  
5 and maintenance of the road system so long as amounts allocated  
6 under this subdivision are used for transportation purposes.

7 (4) The remaining amount to be returned to incorporated cities  
8 and villages shall be expended in each city or village for the  
9 preservation, construction, acquisition, and extension of the local  
10 street system of the city or village, including the acquisition of  
11 a necessary right of way for the system, work incidental to the  
12 system, and subject to subsection (5), for the payment of the  
13 principal and interest on the portion of the city's or village's  
14 general obligation bonds that are attributable to the construction  
15 or reconstruction of the city's or village's local street system.  
16 The amount returned under this subsection shall be returned to the  
17 cities and villages 60% in the same proportion that the population  
18 of each bears to the total population of all incorporated cities  
19 and villages in the state, and 40% in the same proportion that the  
20 total mileage of the local street system of each bears to the total  
21 mileage in the local street systems of all cities and villages of  
22 the state. The payment of the principal and interest upon bonds  
23 issued by a city or village pursuant to 1952 PA 175, MCL 247.701 to  
24 247.707, and after that payment, the payment of debt service on  
25 loans received under section 11(5), shall have priority in the  
26 expenditure of money returned under this subsection.

27 (5) Money distributed to each city and village for the

1 maintenance and preservation of its local street system under this  
2 act represents the total responsibility of the state for local  
3 street system support. ~~Funds~~**MONEY** distributed from the Michigan  
4 transportation fund shall not be expended for construction purposes  
5 on city and village local streets except to the extent matched from  
6 local revenues including other money returned to a city or village  
7 by ~~the~~**THIS** state under the state constitution of 1963 and statutes  
8 of ~~the~~**THIS** state, from ~~funds~~**MONEY** that can be raised by taxation  
9 in cities and villages for street purposes within the limitations  
10 of the state constitution of 1963 and statutes of this state, from  
11 special assessments, or from any other source.

12 (6) Money returned under this section to a city or village  
13 shall be expended on the major and local street systems of that  
14 city or village. However, the first priority ~~shall be~~**IS** the major  
15 street system. Money returned for expenditure on the major street  
16 system shall be expended in the priority order provided in  
17 subsection (3) except that surplus ~~funds~~**MONEY** may be transferred  
18 for preservation of the local street system. Major street ~~funds~~  
19 **MONEY** transferred for use on the local street system shall not be  
20 used for construction but may be used for preservation. A city or  
21 village shall not transfer more than 50% of its annual major street  
22 funding for the local street system unless it has adopted and is  
23 following an asset management process for its major and local  
24 street systems and adopts a resolution with a copy to the  
25 department setting forth all of the following:

- 26 (a) A list of the major streets in that city or village.

7 plan shall obtain the concurrence of the department to transfer  
8 more than 50% of its major street funding to its local street  
9 system. The department may provide for pilot projects that would  
10 allow a city or village that has adopted an asset management plan  
11 under subsection (6) to combine their local and major street funds  
12 into 1 street fund and to submit a single report to the department  
13 on the expenditure of ~~funds~~**MONEY** on the local and major street  
14 systems.

15 (8) Not more than 10% per year of all of the ~~funds~~**MONEY**  
16 returned to a city or village from any source for the purposes of  
17 this section may be expended for administrative expenses. A city or  
18 village that expends more than 10% for administrative expenses in a  
19 year is subject to section 14(5).

20 (9) In each city and village to which ~~funds are~~**MONEY IS**

7 provide for any of the contracting parties to perform the work  
8 contemplated by the contracts including services and acquisition of  
9 rights of way, by purchase or condemnation in its own name. The  
10 agreement may provide for joint participation in the costs if  
11 appropriate.

12           (11) Interest earned on ~~funds~~ **MONEY** returned to a city or a  
13 village for purposes provided in this section shall be credited to  
14 the appropriate street fund.

15           (12) In addition to the financial compliance audits required  
16 by law, the department may conduct performance audits and make  
17 investigations of the disposition of all state ~~funds~~ **MONEY** received  
18 by cities and villages for transportation purposes to determine  
19 compliance with the terms and conditions of this act. Performance  
20 audits shall be conducted according to government auditing  
21 standards issued by the United States ~~general accounting office.~~  
22 **GENERAL ACCOUNTING OFFICE.** The department shall develop all

9 for audits under this subsection prior to the fiscal year in which  
10 the audit is conducted. The department shall notify cities and  
11 villages of any subsequent changes to the standards. Cities and  
12 villages shall make available to the department the pertinent  
13 records for the audit. Performance audits may be performed at the
