4 DESCRIBED IN SUBDIVISION (G).

5 (I) ~~(e)~~—Beginning with the state fiscal year ending September

7 actuarial accrued liability contribution rate applied to the  
8 combined payroll, as provided in section 41a, must not exceed  
9 25.73% for a university reporting unit. Any additional unfunded

13 act of 1979, 1979 PA 94, MCL 388.1836 to ~~388.1893~~ **388.1891**.

14 (3) Before November 1 of each year, the executive secretary of  
15 the retirement board shall certify to the director of the  
16 department the aggregate compensation estimated to be paid public  
17 school employees for the current state fiscal year.

18 (4) On the basis of the estimate under subsection (3), the  
19 annual actuarial valuation, and any adjustment required under  
20 subsection (6), the director of the department shall compute the  
21 sum due and payable to the retirement system and shall certify this  
22 amount to the reporting units.

23 (5) ~~The~~ **EXCEPT AS PROVIDED IN SECTION 41B, THE** reporting units

1           (6) Not later than 90 days after termination of each state  
2 fiscal year, the executive secretary of the retirement board shall  
3 certify to the director of the department and each reporting unit  
4 the actual aggregate compensation paid to public school employees  
5 during the preceding state fiscal year. On receipt of that  
6 certification, the director of the department may compute any  
7 adjustment required to the amount due to a difference between the  
8 estimated and the actual aggregate compensation and the estimated  
9 and the actual actuarial employer contribution rate. The  
10 difference, if any, must be paid as provided in subsection (9).  
11 This subsection does not apply in a fiscal year in which a deposit  
12 occurs under subsection (14).

13           (7) The director of the department may require evidence of  
14 correctness and may conduct an audit of the aggregate compensation  
15 that the director of the department considers necessary to  
16 establish its correctness.

20 provisions of title II of the social security act, 42 USC 401 to  
21 434.

22           (9) For an employer of an employee of a local public school  
23 district or an intermediate school district, for differences  
24 occurring in fiscal years beginning on or after October 1, 1993, a  
25 minimum of 20% of the difference between the estimated and the  
26 actual aggregate compensation and the estimated and the actual  
27 actuarial employer contribution rate described in subsection (6),

1 if any, must be paid by that employer in the next succeeding state  
2 fiscal year and a minimum of 25% of the remaining difference must  
3 be paid by that employer in each of the following 4 state fiscal  
4 years, or until 100% of the remaining difference is submitted,  
5 whichever first occurs. For an employer of other public school  
6 employees, for differences occurring in fiscal years beginning on  
7 or after October 1, 1991, a minimum of 20% of the difference  
8 between the estimated and the actual aggregate compensation and the  
9 estimated and the actual actuarial employer contribution rate  
10 described in subsection (6), if any, must be paid by that employer  
11 in the next succeeding state fiscal year and a minimum of 25% of  
12 the remaining difference must be paid by that employer in each of  
13 the following 4 state fiscal years, or until 100% of the remaining  
14 difference is submitted, whichever first occurs. In addition,  
15 interest must be included for each year that a portion of the  
16 remaining difference is carried forward. The interest rate must  
17 equal the actuarially assumed rate of investment return for the  
18 state fiscal year in which payment is made. This subsection does  
19 not apply in a fiscal year in which a deposit occurs under  
20 subsection (14).

21 (10) Beginning on September 30, 2006, all assets held by the  
22 retirement system must be reassigned their fair market value, as  
23 determined by the state treasurer, as of September 30, 2006, and in  
24 calculating any unfunded actuarial accrued liabilities, any market  
25 gains or losses incurred before September 30, 2006 may not be  
26 considered by the retirement system's actuaries.

27 (11) Except as otherwise provided in this subsection,

1 beginning on September 30, 2006, the actuary used by the retirement  
2 board shall assume a rate of return on investments of ~~8.00%~~ **8%** per  
3 annum, as of September 30, 2006, which rate may only be changed  
4 with the approval of the retirement board and the director of the

9 **2018,** which rate may only be changed with the approval of the

15 **APPROVAL OF THE RETIREMENT BOARD AND THE DIRECTOR OF THE**  
16 **DEPARTMENT.**

17 (12) Beginning on September 30, 2006, the value of assets used  
18 must be based on a method that spreads over a 5-year period the  
19 difference between actual and expected return occurring in each  
20 year after September 30, 2006, and the methodology may only be  
21 changed with the approval of the retirement board and the director  
22 of the department.

23 (13) Beginning on September 30, 2006, the actuary used by the  
24 retirement board shall use a salary increase assumption that  
25 projects annual salary increases of 4%. In addition to the 4%, the  
26 retirement board shall use an additional percentage based on an  
27 age-related scale to reflect merit, longevity, and promotional

1 salary increase. The actuary shall use this assumption until a  
2 change in the assumption is approved in writing by the retirement  
3 board and the director of the department.

4 (14) For fiscal years that begin on or after October 1, 2001,  
5 if the actuarial valuation prepared under this section demonstrates  
6 that as of the beginning of a fiscal year, and after all credits  
7 and transfers required by this act for the previous fiscal year  
8 have been made, the sum of the actuarial value of assets and the  
9 actuarial present value of future normal cost contributions exceeds  
10 the actuarial present value of benefits, the amount based on the  
11 annual level percent of payroll contribution rate under subsections  
12 (1) and (2) may be deposited into the health advance funding  
13 subaccount created by section 34.

14 (15) Notwithstanding any other provision of this act, if the  
15 retirement board establishes an arrangement and fund as described  
16 in section 6 of the public employee retirement benefit protection  
17 act, 2002 PA 100, MCL 38.1686, the benefits that are required to be  
18 paid from that fund must be paid from a portion of the employer  
19 contributions described in this section or other eligible funds.  
20 The retirement board shall determine the amount of the employer  
21 contributions or other eligible funds that must be allocated to  
22 that fund and deposit that amount in that fund before it deposits  
23 any remaining employer contributions or other eligible funds in the  
24 pension fund.

25 **(16) THE RETIREMENT BOARD AND THE DEPARTMENT SHALL CONDUCT AND**  
26 **REVIEW AN EXPERIENCE INVESTIGATION STUDY AND ADOPT RISK ASSUMPTIONS**

 7 contributions are transferred back to this retirement system  
 8 immediately shall have the transferred service credit recognized by  
 9 the retirement system on the same basis as if the ~~person~~ **INDIVIDUAL**  
 10 continuously had been a member of the retirement system.

11 (4) If a member who made payment for state of Michigan service  
 12 dies and a retirement allowance beneficiary has not been  
 13 designated, or withdraws from service before his or her retirement  
 14 becomes effective, the payment made by the member ~~shall~~ **MUST** be  
 15 refunded to the member or to the member's refund beneficiary ~~upon~~  
 16 **ON** request.

17 (5) **AFTER SEPTEMBER 29, 2017 AT 5 P.M. EASTERN DAYLIGHT SAVING**  
 18 **TIME, A MEMBER IS NOT ELIGIBLE TO INITIATE A SERVICE CREDIT**  
 19 **PURCHASE UNDER THIS SECTION.**

20 Sec. 71. (1) ~~The~~ **UNTIL SEPTEMBER 29, 2017 AT 5 P.M. EASTERN**  
 21 **DAYLIGHT SAVING TIME, THE** retirement board shall grant service  
 22 credit for the time a member is on a sabbatical leave authorized by  
 23 a reporting unit, if the member returns to regular employment with  
 24 the same reporting unit and acquires 1 year or more of subsequent  
 25 service credit with that same reporting unit and if the member  
 26 acquired 5 or more years of credited service with the reporting  
 27 unit immediately before the sabbatical leave.

1           (2) If the sabbatical leave described in subsection (1) is  
2 granted before July 1, 1981, the reporting unit, if the reporting  
3 unit had a noncontributory plan at the time the sabbatical leave is  
4 granted, or the member, if the reporting unit has a contributory  
5 plan at the time the sabbatical leave is granted, shall pay to the  
6 system for each year of sabbatical leave credit an amount equal to  
7 5% of the member's compensation earned in the school fiscal year  
8 immediately before the school fiscal year in which the sabbatical  
9 leave is granted, together with regular interest from the end of  
10 the school fiscal year in which the sabbatical leave was or is  
11 granted to the earlier of the following dates following the date of  
12 payment, the first day of the school fiscal year beginning after  
13 the date of payment or the first day of the seventh month of the  
14 school fiscal year in which the payment is made. If the reporting  
15 unit makes the payment required by this subsection, the reporting  
16 unit also shall pay the required interest. If the member makes the  
17 payment required by this subsection, the member also shall pay the  
18 required interest.

19           (3) If the sabbatical leave described in subsection (1) is  
20 granted after June 30, 1981, the member shall pay an amount equal  
21 to 5% of the member's full-time or equated full-time compensation  
22 earned in the school fiscal year immediately before the school  
23 fiscal year in which payment is made for each year of service  
24 credit the member elects to purchase. In computing payment under  
25 this subsection, the compensation amount used, except as otherwise  
26 provided in this subsection, ~~shall~~**MUST** not be less than the  
27 highest school fiscal year compensation the member earned from the

1 reporting unit that granted the sabbatical leave. If the  
2 compensation amount used for computing payment under this  
3 subsection exceeds the member's final average compensation  
4 determined at the time of retirement, the payment required under  
5 this subsection ~~shall~~**MUST** be recomputed using the member's final  
6 average compensation and a refund ~~shall~~**MUST** be made based ~~upon~~**ON**  
7 the recomputation.

8 (4) If, before October 31, 1980, either the reporting unit or  
9 the member has contributed 5% of the member's compensation for the  
10 school fiscal year in which the sabbatical leave was granted in  
11 order to purchase service credit for that sabbatical leave, a  
12 further payment for the purchase of service credit for that  
13 sabbatical leave shall not be required. If a member has paid the  
14 amount required under subsection (2) for the purchase of service  
15 credit for sabbatical leave, but later receives a refund of that  
16 amount, the member, not the reporting unit, shall repay the amount  
17 with regular interest as required by subsection (2) if the member  
18 elects to purchase service credit for the sabbatical leave.

19 (5) Effective October 1, 1981, the retirement board shall  
20 grant service credit for the time a member is on either an employee  
21 organization professional services leave or employee organization  
22 professional services released time authorized by a reporting unit  
23 if all of the following conditions are satisfied, as applicable:

24 (a) For a member who is on either a professional services  
25 leave or professional services released time that first began  
26 before October 1, 1996, which leave or released time is renewed  
27 annually by the reporting unit, the member is included on the

1 reporting unit's reports required by section 42(6) and  
2 compensation, service, contribution, and other requirements are  
3 reported on the same basis as for those members of the reporting  
4 unit who were not granted an employee organization professional  
5 services leave or employee organization professional services  
6 released time.

7 (b) For a member who is on either a professional services  
8 leave or professional services released time, which leave or  
9 released time does not meet the requirements of subdivision (a),  
10 the member is included on the reporting unit's reports in the  
11 manner required by subdivision (a), except that compensation is  
12 reported at the rate of compensation paid to the member by the  
13 reporting unit immediately preceding the date the member commenced  
14 the professional services leave or professional services released  
15 time along with the normal and customary compensation increases  
16 that would have been paid to the member by the reporting unit had  
17 the member remained in the same position held at the reporting unit  
18 immediately preceding the date the member commenced the leave or  
19 released time. However, if the member was not working a full 12-  
20 month period for the reporting unit immediately preceding the date  
21 the member commenced the professional services leave or  
22 professional services released time and is working a full 12-month  
23 period for the public school employee organization, the rate of  
24 compensation paid to the member by the reporting unit immediately  
25 preceding the date the member commenced the leave or released time  
26 may be increased proportionately to reflect the additional time  
27 worked for the public school employee organization. That adjusted

1 compensation, along with the normal and customary compensation  
2 increases otherwise allowed in this subdivision, ~~shall~~**MUST** then be  
3 reported as required in this subdivision.

4 (c) For a member who is on either a professional services  
5 leave or professional services released time that first began  
6 before October 1, 1996, which leave or released time is renewed  
7 annually by the reporting unit, the reporting unit remits the  
8 amount required by section 42 and the percentage of aggregate  
9 annual compensation provided from the state school aid fund for  
10 current service, if any, the percentage determined for unfunded  
11 accrued service as required by section 41, and the employer's share  
12 of social security contributions if the reporting unit is  
13 responsible for remitting the employee's share of social security  
14 contributions.

15 (d) For a member who is on either a professional services  
16 leave or professional services released time, which professional  
17 services leave or professional services released time does not meet  
18 the requirements of subdivision (c), the reporting unit remits the  
19 amounts required by subdivision (c) based ~~upon~~**ON** the rate of  
20 compensation paid to the member by the reporting unit immediately  
21 preceding the date the member commenced the professional services  
22 leave or professional services released time along with the normal  
23 and customary compensation increases that would have been paid to  
24 the member by the reporting unit had the member remained in the  
25 same position held at the reporting unit immediately preceding the  
26 date the member commenced the leave or released time. However, if  
27 the member was not working a full 12-month period for the reporting

1 unit immediately preceding the date the member commenced the  
 2 professional services leave or professional services released time  
 3 and is working a full 12-month period for the public school  
 4 employee organization, the rate of compensation paid to the member  
 5 by the reporting unit immediately preceding the date the member  
 6 commenced the leave or released time may be increased  
 7 proportionately to reflect the additional time worked for the  
 8 public school employee organization. That adjusted compensation,  
 9 along with the normal and customary compensation increases  
 10 otherwise allowed in this subdivision, ~~shall~~**MUST** then be reported  
 11 as required in this subdivision.

12 (6) The reporting unit ~~shall~~**MUST** be reimbursed those sums  
 13 paid to the retirement board pursuant to ~~UNDER~~ subsection (5) by  
 14 the member or the public school employee organization on a current  
 15 basis. A member who has credited service as an employee of a school  
 16 district of the first class, as described in part 6 of the revised  
 17 school code, ~~Act No. 451 of the Public Acts of 1976, being sections~~

 20 1, 1981, shall continue to receive credit based ~~upon the provisions~~  
 21 ~~of~~**ON** the law of this state in effect at the time the leave of  
 22 absence was initially effective.

2       Sec. 108. (1) This section is enacted pursuant to federal law

4 limitations for qualified governmental plans. This state intends  
5 that the retirement system be a qualified pension plan created in  
6 trust under section 401 of the internal revenue code, 26 USC 401,  
7 and that the trust be an exempt organization under section 501 of
