Sec. 8-252. The appropriations in part 1 for Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan are contingent on the provisions of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, that were contained in 2013 PA 107 not being amended, repealed, or otherwise altered to eliminate the Healthy Michigan plan. If that occurs, then, upon the effective date of the amendatory act that amends, repeals, or otherwise alters those provisions, the remaining funds in the Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan line items shall only be used to pay previously incurred costs and any remaining appropriations shall not be allotted to support those line items.

Sec. 8-263. (1) Except as otherwise provided in this subsection, before submission of a waiver, a state plan amendment, or a similar proposal to CMS or other federal agency, the department shall provide written notification of the planned submission to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies and policy offices, and the state budget office. This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written biannual reports to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal

agencies, and the state budget office summarizing the status of any new or ongoing discussions with CMS or the United States Department of Health and Human Services or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a biannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 8-270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered pursuant to section 106(4) of the social welfare act, 1939 PA 280, MCL 400.106. By February 1 of the current fiscal year, the department shall submit a written report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office that includes, at a minimum, all of the following:

(2) It is the intent of the legislature that the department, in collaboration with the state budget office, not utilize capped federal funding for economics adjustments for FTEs or other economics costs that are included as part of the budget submitted to the legislature by the governor for the ensuing fiscal year, unless there is a reasonable expectation for increased federal funding to be available to the department from that capped revenue source in the ensuing fiscal year.

Sec. 8-275. (1) As part of the year-end closing process, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department's total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) Not later than November 30, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

fund/general purpose funds and designated in this part or part 1 for a specific entity for the purpose of providing services to individuals shall be expended for such services after the first year of the contract.

(2) The department may allow a contract to exceed the limitation on administrative and services costs if it can be demonstrated that an exception should be made to the provision in subsection (1).

(3) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, house and senate fiscal agencies, and state budget office on the rationale for all exceptions made to the provision in subsection (1) and the number of contracts terminated due to violations of subsection (1).

(2) The department may expend additional funding of up to 3 percent of the amount specified in subsection (1) from the temporary assistance for needy families block grant to offset state general fund/general purpose spending for TANF-eligible activities. Any additional spending is subject to notification to the house and senate appropriations subcommittees, the fiscal agencies, and the state budget office. The notification shall specify the additional amount of spending and the estimated balance of temporary assistance for needy families funding at the close of the current fiscal year that would remain available after accounting for the additional planned spending.

Sec. 8-295. (1) From the funds appropriated in part 1 to agencies providing

physical and behavioral health services to multicultural populations, the department shall award grants in accordance with the requirements of subsection (2). The state is not liable for any spending above the contract amount. Funds shall not be released until reporting requirements under section 295 of article X of 2017 PA 107 are satisfied.

(2) The department shall require each contractor described in subsection (1) that receives greater than $1,000,000.00 in state grant funding to comply with performance-related metrics to maintain their eligibility for funding. Sec. 8-297. By March 1 and August 1 of the current fiscal year, the department shall report on the number of FTEs in pay status by type of staff. The report shall include a comparison by line item of the number of FTEs authorized from funds appropriated in part 1 to the actual number of FTEs employed by the department at the end of the reporting period.

(d) That updates are provided to the medical care advisory council, behavioral health advisory council, and developmental disabilities council.

(3) For the duration of any pilot projects and demonstration models, the department shall require that contracts between CMHSPs and the Medicaid health plans within their pilot region mandate that any and all realized benefits and cost savings of integrating the physical health and behavioral health systems shall be reinvested in services and supports for individuals having or at risk of having a mental illness, an intellectual or developmental disability, or a substance use disorder. Any and all realized benefits and cost savings shall be specifically reinvested in the counties where the savings occurred in accordance with the Medicaid state plan and any applicable Medicaid waivers.

(3) Michigan 2-1-1 shall refer to the department any calls received reporting fraud, waste, or abuse of state-administered public assistance.

(4) Michigan 2-1-1 shall report annually to the department and the house and senate standing committees with primary jurisdiction over matters relating to human services and telecommunications on 2-1-1 system performance, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies, including, but not limited to, call volume by health and human service needs and unmet needs identified through caller data and customer satisfaction metrics.

From the funds appropriated in part 1 for terminal leave payments, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

CHILD SUPPORT ENFORCEMENT

Sec. 8-401. (1) The appropriations in part 1 assume a total federal child support incentive payment of $26,500,000.00.

(2) From the federal money received for child support incentive payments, $12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, $14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

$38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 8-410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

Sec. 8-454. The department shall allocate the full amount of funds appropriated in part 1 for homeless programs to provide services for homeless individuals and families, including, but not limited to, third-party contracts for emergency shelter

Sec. 8-1008. The PIHPs and CMHSPs shall do all of the following:

(a) Work to reduce administration costs by ensuring that responsible functions are efficient in allowing optimal transition of dollars to those direct services considered most effective in assisting individuals served. Any consolidation of

administrative functions must be demonstrated by independent analysis, a reduction in dollars spent on administration resulting in greater dollars spent on direct services. Savings resulting from increased efficiencies shall not be applied to net assets, internal service fund increases, building costs, increases in the number of PIHP personnel, or other areas not directly related to the delivery of improved services.

(b) Take an active role in managing mental health care by ensuring consistent and high-quality service delivery throughout its network and promote a conflict-free care management environment.

(c) Ensure that direct service rate variances are related to the level of need or other quantifiable measures to ensure that the most money possible reaches direct services.

(2) All closures or consolidations are dependent upon adequate department-approved CMHSP and PIHP plans that include a discharge and aftercare plan for each individual currently in the facility. A discharge and aftercare plan shall address the individual's housing needs. A homeless shelter or similar temporary shelter arrangements are inadequate to meet the individual's housing needs.

(3) Four months after the certification of closure required in section 19(6) of the state employees' retirement act, 1943 PA 240, MCL 38.19, the department shall provide a closure plan to the house and senate appropriations subcommittees on the department budget and the state budget director.

The department may collect revenue for patient reimbursement from first- and third-party payers, including Medicaid and local county CMHSP payers, to cover the cost of placement in state hospitals and centers. The department is authorized to adjust financing sources for patient reimbursement based on actual revenues earned. If the revenue collected exceeds current year expenditures, the revenue may be carried forward with approval of the state budget director. The revenue carried forward shall be used as a first source of funds in the subsequent year.

Sec. 8-1058. Effective October 1 of the current fiscal year, the department, in consultation with the department of technology, management and budget, may maintain a bid process to identify 1 or more private contractors to provide food service and custodial services for the administrative areas at any state hospital identified by the department as capable of generating savings through the outsourcing of such services.

Sec. 8-1059. The department shall identify specific outcomes and performance measures for the center for forensic psychiatry, including, but not limited to, the following:

The funds will be used to provide financial support directly to regions participating in the model test and to support statewide stakeholder guidance and technical support.

(2) Outcomes and performance measures for the initiative under subsection (1) include, but are not limited to, the following:

(a) Increasing the number of physician practices fulfilling patient-centered medical home functions.

(b) Reducing inappropriate health utilization, specifically reducing preventable emergency department visits, reducing the proportion of hospitalizations for ambulatory sensitive conditions, and reducing this state's 30-day hospital readmission rate.

(3) By March 1 and September 1 of the current fiscal year, the department shall submit a written report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office on the status of the program and progress made since the prior report.

(4) From the funds appropriated in part 1 for health policy administration, any data aggregator created as part of the allocation of the federal state innovation model grant funds must meet the following standards:

(e) The data aggregator must use existing data sources and technological infrastructure, to the extent possible.

Sec. 8-1145. The department will take steps necessary to work with Indian Health Service, tribal health program facilities, or Urban Indian Health Program facilities that provide services under a contract with a Medicaid managed care entity to ensure

that those facilities receive the maximum amount allowable under federal law for Medicaid services.

Sec. 8-1150. The department shall coordinate with the department of licensing and regulatory affairs, the department of the attorney general, all appropriate law enforcement agencies, and the Medicaid health plans to reduce fraud related to opioid prescribing within Medicaid, and to address other appropriate recommendations of the prescription drug and opioid abuse task force outlined in its report of October 2015. By October 1 of the current fiscal year, the department shall submit a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office on steps the department has taken to coordinate with the entities listed in this section and other stakeholders to reduce fraud related to opioid prescribing, and to address other appropriate recommendations of the task force.

The department may refuse to accept advertising from any person or organization. The department may furnish a reasonable number of copies of a publication to an advertiser at no charge.

Funds given, donated, or contributed to the department from a private source are appropriated and allocated for the purpose for which the revenue is furnished. Funds granted to the department from a public source are allocated and may be expended upon receipt. The department shall not accept a gift, donation, contribution, or grant if receipt is conditioned upon a commitment of state funding at a future date. Revenue received from the sale of advertising is appropriated and may be expended upon receipt.

(4) Any unexpended revenues received under this section shall be carried over into subsequent fiscal years and shall be available for appropriation for the purposes described in this section.

(5) On March 1 of each year, the department shall file a report with the senate and house of representatives standing committees on appropriations, the chairpersons of the relevant appropriations subcommittees, the senate and house fiscal agencies, and the state budget director. The report shall include all of the following information:

(a) The amount of gifts, contributions, donations, and grants of money received by the department under this section for the prior fiscal year.

As used in this subsection, the term "manuals and other publications" includes videos and proprietary electronic publications. All funds received from sales of these manuals and other publications shall be credited to the Michigan department of state publications fund.

Sec. 15-707. Funds collected by the department under section 211 of the Michigan vehicle code, 1949 PA 300, MCL 257.211, are appropriated for all expenses necessary to provide for the costs of the publication. Funds are allotted for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Sec. 15-708. From the funds appropriated in part 1, the department shall use available balances at the end of the state fiscal year to provide payment to the

department of state police in the amount of $332,000.00 for the services provided by the traffic accident records program as first appropriated in 1990 PA 196 and 1990 PA 208.

Sec. 15-709. From the funds appropriated in part 1, the department may restrict funds from miscellaneous revenue to cover cash shortages created from normal branch office operations. This amount shall not exceed $50,000.00 of the total funds available in miscellaneous revenue.

Sec. 15-711. Collector plate and fund-raising registration plate revenues collected by the department are appropriated and allotted for distribution to the recipient university or public or private agency overseeing a state-sponsored goal when received. Distributions shall occur on a quarterly basis or as otherwise authorized by law. Any revenues remaining at the end of the fiscal year shall not lapse to the general fund but shall remain available for distribution to the university or agency in the next fiscal year.

Sec. 15-712. The department may produce and sell copies of a training video designed to inform registered automotive repair facilities of their obligations under Michigan law. The price shall not exceed the cost of production and distribution. The money received from the sale of training videos shall revert to the department and be placed in the auto repair facility account.

Sec. 15-713. (1) The department, in collaboration with the gift of life transplantation society or its successor federally designated organ procurement organization, may develop and administer a public information campaign concerning the Michigan organ donor program.

(2) The department may solicit funds from any private or public source to underwrite, in whole or in part, the public information campaign authorized by this section. The department may accept gifts, donations, contributions, and grants of money and other property from private and public sources for this purpose. A private

or public funding source underwriting the public information campaign, in whole or in substantial part, shall receive sponsorship credit for its financial backing.

(3) Funds received under this section, including grants from state and federal agencies, shall not lapse to the general fund at the end of the fiscal year but shall remain available for expenditure for the purposes described in this section.

(4) Funding appropriated in part 1 for the organ donor program shall be used for producing a pamphlet to be distributed with driver licenses and personal identification cards regarding organ donations. The funds shall be used to update and print a pamphlet that will explain the organ donor program and encourage people to become donors by marking a checkoff on driver license and personal identification card applications.

(5) The pamphlet shall include a return reply form addressed to the gift of life organization. Funding appropriated in part 1 for the organ donor program shall be used to pay for return postage costs.

(6) In addition to the appropriations in part 1, the department may receive and expend funds from the organ and tissue donation education fund for administrative expenses.

(7) The department must submit a report to the house and senate appropriations subcommittees on general government, the senate and house fiscal agencies, and the state budget director by March 1 that provides the amount of revenue collected by the department authorized under this section, the purpose of each expenditure, and the amount of revenue carried forward.

Sec. 15-714. (1) Except as otherwise provided under subsection (2), at least 180 days before closing a branch office or consolidating a branch office and at least 60 days before relocating a branch office, the department shall inform members of the senate and house of representatives standing committees on appropriations and legislators who represent affected areas regarding the details of the proposal. The

information provided shall be in written form and include all analyses done regarding criteria for changes in the location of branch offices, including, but not limited to, branch transactions, revenue, and the impact on citizens of the affected area. The impact on citizens shall include information regarding additional distance to branch office locations resulting from the plan. The written notice provided by the department shall also include detailed estimates of costs and savings that will result from the overall changes made to the branch office structure and the same level of detail regarding costs for new leased facilities and expansions of current leased space.

(2) If the consolidation of a branch office is with another branch office that is located within the same local unit of government or the relocation of a branch office is to another location that is located within the same local unit of government, the department is not required to provide the notification or written information described in subsection (1).

(3) As used in this section, "local unit of government" means a city, village, township, or county.

Sec. 15-715. (1) Any service assessment collected by the department from the user of a credit or debit card under section 3 of 1995 PA 144, MCL 11.23, may be used by the department for necessary expenses related to that service and may be remitted to a credit or debit card company, bank, or other financial institution.

(2) The service assessment imposed by the department for credit and debit card services may be based either on a percentage of each individual credit or debit card transaction, or on a flat rate per transaction, or both, scaled to the amount of the transaction. However, the department shall not charge any amount for a service assessment which exceeds the costs billable to the department for service assessments.

(3) If there is a balance of service assessments received from credit and debit card services remaining on September 30, the balance may be carried forward to the

following fiscal year and appropriated for the same purpose.

(4) As used in this section, "service assessment" means and includes costs associated with service fees imposed by credit and debit card companies and processing fees imposed by banks and other financial institutions.

Sec. 15-717. (1) The department may accept nonmonetary gifts, donations, or contributions of property from any private or public source to support, in whole or in part, the operation of a departmental function relating to licensing, regulation, or safety. The department may recognize a private or public contributor for making the contribution. The department may reject a gift, donation, or contribution.

(2) The department shall not accept a gift, donation, or contribution under subsection (1) if receipt of the gift, donation, or contribution is conditioned upon a commitment of future state funding.

(3) On March 1 of each year, the department shall file a report with the senate and house of representatives standing committees on appropriations, the chairpersons of the relevant appropriations subcommittees, the senate and house fiscal agencies, and the state budget director. The report shall list any gift, donation, or contribution received by the department under subsection (1) for the prior calendar year.

Sec. 15-719. From the funds appropriated in part 1, the office of investigative services may use available funds to conduct investigations of any reported irregularities in a local, state, or national election.

Sec. 15-722. (1) From the funds appropriated in part 1 for information technology services and projects, the department shall continue implementation of a legacy modernization project. The purpose of this project is modernization of the entire system and removal of existing programs from the legacy mainframes.

(2) The department shall provide a report on the status of the legacy modernization project that includes, but is not limited to, itemization of all

expenditures made on behalf of the project, anticipated completion date of the project, time frame of each phase of the project, the cost of the project, the number of employees assigned to implement each phase of the project, the contracts entered into for the project, anticipated overall cost of the project, and any other information the department considers necessary. The plan shall be distributed to the senate and house of representatives standing committees on appropriations subcommittees on general government, as well as the senate and house fiscal agencies, and the state budget director by January 1.

The Michigan economic development corporation board and the state budget director shall determine whether or not a specific state-owned site qualifies for inclusion in the fund created under this subsection.

(2) Proceeds from the sale of any sites designated in subsection (1) shall be deposited into the fund created in subsection (1) and shall be available for site preparation expenditures, unless otherwise provided by law. The economic development sites authorized in subsection (1) are authorized for sale consistent with state law. Expenditures from the fund are authorized for site preparation activities that enhance

the marketable sale value of the sites. Site preparation activities include, but are not limited to, demolition, environmental studies and abatement, utility enhancement, and site excavation.

(3) A cash advance in an amount of not more than $25,000,000.00 is authorized from the general fund to the site preparation economic development fund.

(4) An annual report shall be transmitted to the senate and house of representatives standing committees on appropriations not later than December 31 of each year. This report shall detail both of the following:

(a) The revenue and expenditure activity in the fund for the preceding fiscal year.

(b) The sites identified as economic development sites under subsection (1).

Sec. 18-867. Proceeds from the sale of the farnum building shall be subsequently appropriated to the department in accordance with any legislation enacted that authorizes the sale of that property. If the net proceeds from the sale of the farnum building are less than the $7,000,000.00 authorized for senate relocation costs in section 896 of article VIII of 2014 PA 252, an amount equal to the difference between the net sale proceeds and $7,000,000.00 shall be appropriated by the legislature to the department.

CAPITAL OUTLAY - UNIVERSITIES AND COMMUNITY COLLEGES

Sec. 18-873. (1) This section applies only to projects for community colleges.

(2) State support is directed towards the remodeling and additions, special maintenance, or construction of certain community college buildings. The community college shall obtain or provide for site acquisition and initial main utility installation to operate the facility. Funding shall be composed of local and state shares and not more than 50% of a capital outlay project, not including a lump-sum special maintenance project or remodeling and addition project, for a community

college shall be appropriated from state and federal funds, unless otherwise appropriated by the legislature.

(3) An expenditure under this part and part 1 is authorized when the release of the appropriation is approved by the board upon the recommendation of the director. The director may recommend to the board the release of any appropriation in part 1 only after the director is assured that the legal entity operating the community college to which the appropriation is made has complied with this part and part 1 and has matched the amounts appropriated as required by this part and part 1. A release of funds in part 1 shall not exceed 50% of the total cost of planning and construction of any project, not including lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by the legislature. Further planning and construction of a project authorized by this part and part 1 or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the purpose and scope as defined and delineated in the approved program statements and planning documents. This part and part 1 are applicable to all projects for which planning appropriations were made in previous acts.

(4) The community college shall take the steps necessary to secure available federal construction and equipment money for projects funded for construction in this part and part 1 if an application was not previously made. If there is a reasonable expectation that a prior year unfunded application may receive federal money in a subsequent year, the college shall take whatever action necessary to keep the application active.

Sec. 18-874. If university and community college matching revenues are received in an amount less than the appropriations for capital projects contained in this part and part 1, the state funds shall be reduced in proportion to the amount of matching revenue received.

Sec. 18-875. (1) The director may require that community colleges and

universities that have an authorized project listed in part 1 submit documentation regarding the project match and governing board approval of the authorized project not more than 60 days after the beginning of the fiscal year.

(2) If the documentation required by the director under subsection (1) is not submitted, or does not adequately authenticate the availability of the project match or board approval of the authorized project, the authorization may terminate. The authorization terminates 30 days after the director notifies the JCOS of the intent to terminate the project unless the JCOS convenes to extend the authorization.
