House Bill 5470 as reported from committee
Sponsor: Rep. Aaron Miller
1st Committee: Education
2nd Committee: Ways and Means
Complete to 7-22-20

Analysis available at
<http://www.legislature.mi.gov>

(Enacted as Public Act 290 of 2020)

SUMMARY:

House Bill 5470 would amend the Revised School Code to remove the requirement that the state superintendent of public instruction and state treasurer present in-person quarterly reports on deficit districts to the House of Representatives and Senate appropriations subcommittees responsible for K-12 state school aid appropriations.¹ This requirement was initiated as one of a series of measures instituted for financially distressed school districts in 2015.²

The bill would retain other reporting requirements regarding deficit districts, including:

- That the Michigan Department of Education (MDE) prepare a yearly report of deficits incurred or projected by school districts, intermediate school districts (ISDs), and public school academies (PSAs, or charter schools) and that MDE report quarterly on progress by those districts.³
- That the state treasurer prepare a yearly report on the districts, ISDs, and PSAs required to submit periodic financial status reports or enhanced deficit elimination plans in the previous fiscal year, and their progress made in adhering to that plan, and that the treasurer report quarterly on those districts.⁴
- That districts, ISDs, and PSAs required to submit deficit elimination plans submit those plans monthly to the superintendent of public instruction and state treasurer (and that districts submit them to their respective ISDs, and PSAs to their respective authorizing bodies).

The bill would also make several technical changes, including clarifying that certain reports may be submitted “electronically, by mail, or in person.”

BRIEF DISCUSSION:

According to committee testimony, the bill would remove an in-person report requirement, as it has been found to be unnecessary. In practice, MDE and Treasury typically contact the legislature to ask how they would like to receive the report on deficit districts and the legislature requests a letter instead of a presentation. The bill would codify that practice.

FISCAL IMPACT:

The bill would have no fiscal impact on the state or on school districts, ISDs, or PSAs.

POSITIONS:

The following entities indicated support for the bills:

Michigan Department of Treasury (2-25-20)

Michigan Department of Education (7-22-20)

West Michigan Talent Triangle (2-25-20)

Oakland Schools (2-25-20)

Michigan Association of School Boards (7-22-20)

Middle Cities Education Association (2-25-20)
