Senate Bill 864 (as introduced 4-24-20)  
Sponsor: Senator Peter J. Lucido  
Committee: Judiciary and Public Safety

Date Completed: 9-9-20

**CONTENT**

**The bill would amend Public Act 222 of 1972, which provides for the issuance of an official State personal identification (ID) card, to allow an individual to request to use his or her mailing address on his or her ID card, and require him or her to apply for a corrected ID if he or she changed his or her mailing address.**

The Act requires an official State personal ID card to contain certain information, including the residence address of the individual. Under the bill, a State personal ID would have to contain either the individual's residence address or, upon the request of the individual to whom the card was issued, mailing address.

The Act also requires an individual who has been issued an official State personal ID card to apply for a corrected ID card if he or she changes his or her residence address. Under the bill, an individual also would have to apply for a corrected ID card if he or she changed his or her mailing address if the individual requested to use a mailing address as the address to appear on his or her ID card.

A fee could not be charged for a change of mailing address.
