Rep. Steven Johnson, from the 72nd District, offered the following invocation:

“Heavenly Father, we thank You for today. We thank You for the beautiful weather out there. We thank You for the Springtime where we get to see Your creation come back to life. We thank You for the opportunity to be here to represent our constituents back at home. Lord, we ask that our work here today be honoring and glorifying to You. We ask that we seek Your will, not to do our will, but to do Your will this afternoon. Lord, we ask that You be with the Clerks and the staff. Give them the patience to put up with us today as we go through a number of bills here. Lord, we ask that You be with those who are suffering, who are hurting today. Give them comfort and strength. In Jesus’ name, Amen.”

Rep. Frederick moved that Reps. Marino and Schroeder be excused from today’s session.
The motion prevailed.

Rep. Rabhi moved that Rep. Neeley be excused from today’s session.
The motion prevailed.

Motions and Resolutions

Reps. O’Malley, Brann, Beeler, Hall, Posthumus, Bollin, Wozniak, Allor, Bezotte, Calley and Whitsett offered the following resolution:

House Resolution No. 104.

A resolution to declare May 13th, 2021, as Pregnancy Resource Center Awareness Day in the state of Michigan.

Whereas, It is with deep appreciation for the life-giving impact on the physical, mental, and spiritual wellbeing of the citizens of Michigan that we proudly recognize the work being done by each pregnancy resource center throughout our state; and

Whereas, Whether through the administering of free pregnancy tests and ultrasounds, STD testing and treatment, or the distributing of limitless amounts of children’s clothing, diapers and baby food, the compassionate and judgement-free advocacy exhibited by local pregnancy centers have had a significant and positive impact in Michigan. In 2019 alone, approximately 90 pregnancy resource centers delivered services and materials valued at more than \$6.2 million, serving nearly 53,500 women, men, youth, and families. Many of Michigan’s pregnancy resource centers have been in operation for three decades or more; and

Whereas, Pregnancy resource centers provide a sizeable and skillful allocation of effort affirming the gift of human life in their respective communities and show tangible support for pregnant women and families alike. Their goal is to support in real ways those facing the unique challenges of an unexpected pregnancy; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 13, 2021, as Pregnancy Resource Center Awareness Day in the state of Michigan. We hereby salute the thousands of pregnancy resource center staffers and volunteers in Michigan on this occasion and wish them great success in the years to come.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Clemente, Camilleri, Sneller, Ellison, Coleman, Cavanagh, Kuppa, Shannon, Sowerby, Haadisma, Witwer, Anthony, Aiyash, Allor, Bezotte, Breen, Calley, Garza, Hope, Rogers, Thanedar, Weiss, Whitsett and Young offered the following resolution:

House Resolution No. 105.

A resolution to declare May 12, 2021, as Older Michiganians Day in the state of Michigan.

Whereas, 2.6 million Michiganians are age 60 or older, equating to 1 of every 4 citizens being an older adult as defined by the Older Americans Act. There are more older adults than children in Pre-K through 12 schools in the state; and

Whereas, 10,000 Americans celebrate their 65th birthday every day and become eligible for Medicare; and
Whereas, Older Michiganians are critical to Michigan’s economy, workforce, educational system, faith-based institutions, charitable organizations, and institutions of government; and

Whereas, Many amongst them survived the Great Depression, sacrificed at home and abroad to defeat fascism in World War II, built the post-war American economy, advocated for civil rights, led our state into the 21st century and have now lived through the worldwide COVID-19 pandemic; and

Whereas, Older adults deserve our utmost respect and gratitude for their many contributions to our communities. Older citizens play vital leadership, volunteer and mentoring roles all across our great state. Their lifetime contributions are immense and immeasurable in sum, while also being deeply personal, impactful, and meaningful on an individual basis; and

Whereas, Older adults are one of our state's greatest resources for understanding our past and improving our future. They are truly a foundation upon which we can build a better tomorrow; and

Whereas, This invaluable group of citizens is being honored and admired for their many years of service in communities large and small across the entire state of Michigan. They have been an indispensable source of knowledge and inspiration throughout the years; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 12, 2021, as Older Michiganians Day in the state of Michigan. We honor our state's population of older citizens.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Aiyash, Hammoud, Camilleri, Puri, Young, Breen, Ellison, Garza, Haadsma, Hope, Rogers, Sneller, Thanedar, Weiss and Whitsett offered the following resolution:

House Resolution No. 106.

A resolution to extend best wishes to Muslims in Michigan, the United States, and worldwide, for a joyous and meaningful Eid al-Fitr to conclude the observance of Ramadan, a holy month of prayer, fasting, charity, and reflection.

Whereas, One of the largest populations of Muslims in the United States resides in southeast Michigan and makes meaningful contributions to our state; and

Whereas, The Muslim population has been growing in the United States and today's Muslim American population is a tapestry of ethnic, racial, linguistic, social, and economic groups; and

Whereas, Muslims in Michigan, our nation, and around the world have observed Ramadan by fasting, emphasizing self-discipline, worship, charity, and reading the Holy Quran to improve patience, humility, and spirituality; and

Whereas, The month of Ramadan is comprised of good deeds, donation and sacrifice, in an attempt to receive thawab, which is spiritual merit rewarded by Allah for good deeds; and

Whereas, Eid al-Fitr is celebrated as a rejuvenation of the religion on the first day of Shawwal and marks the end of Ramadan, which is a month dedicated to fasting and prayer; and

Whereas, Eid al-Fitr is also typically celebrated through special prayers at the mosque, visiting familial relatives, and giving charity to those in need, thereby engaging in thankful revelation in the good fortune that has been bestowed upon you by Allah sbwt; and

Whereas, Islam in the United States is a moral and religious system that encourages self-determination, self-development, moral discipline, and community empowerment based on the virtues of freedom, justice, and equality; and

Whereas, Muslims in Michigan have put their faith into action by organizing to collect and distribute critical resources to the state's hungry and disadvantaged and by volunteering with various humanitarian organizations to give back to our beloved community; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body extend best wishes to Muslims in Michigan, the United States, and worldwide, for a joyous and meaningful Eid al-Fitr to conclude the observance of Ramadan, a holy month of prayer, fasting, charity, and reflection.

The question being on the adoption of the resolution,

Rep. Brabec moved to amend the bill as follows:

1. Amend page 11, line 7, after “council” by striking out “3,850,000” and inserting “20,000,000” and adjusting the subtotals, totals, and section 201 accordingly.

2. Amend page 148, line 11, by striking out all of section 995 and inserting:

“Sec. 995. (1) From the funds appropriated in part 1 for the mental health diversion council, the council shall distribute grants to local entities for the purpose of establishing or expanding diversion programs in partnership between local law enforcement and private or public behavioral health service providers. At least half of the grant awards must be for behavioral health community crisis response partnerships between law enforcement and mental health practitioners, and the other half of the grant awards must be for any other type of pre-arrest or post-arrest diversion program, in which individuals with behavioral health needs are identified and diverted out of the criminal justice system. Grant applications may be made by any applicable local entity and the grant awards must be distributed to localities via up-front disbursement, not reimbursement.

(2) For the behavioral health community crisis response grants, the council must give priority to grant applications that demonstrate a commitment to a community crisis response model that includes all of the following:

- (a) Full integration with existing 911 dispatch and 988 systems as they come online in the state.
- (b) Inclusion of both clinicians and peers.
- (c) Access to residential treatment facilities.
- (d) Inclusion of telehealth response and follow up services.
- (e) Mental health professionals employed independently from law enforcement.
- (f) Other best practices as identified by the council.

(3) For other diversion grants, the council must give priority to localities in counties without an urbanized area of at least 50,000 people.

(4) The council shall seek Medicaid matching funds for the operation of the programs to the greatest extent possible. Localities are encouraged to partner with philanthropic organizations to supplement state funding.

(5) Localities receiving grants under this section must submit reports containing metrics pertinent to the progress of their diversion program to the council on an annual basis through the length of the grant award and work project under subsection (6). By September 1, the council must compile and submit a report to the house and senate appropriations subcommittees on the department budget and make the report publicly available. Localities may utilize up to 10% of grant funding disbursed to contract with independent organizations for the purpose of fulfilling this requirement. The council shall determine the specific metrics required and provide them to grant awardees at the time of the first grant disbursement. Metrics for community crisis response grants may include, but are not limited to the following:

(a) Number of calls to which community crisis responders are dispatched alone or alongside law enforcement.

(b) Number of calls transferred to telehealth community crisis responders with or without physical response follow up.

(c) Law enforcement call clear time when community crisis responders are or are not dispatched.

(d) Community crisis response clinician and peer call time per call.

(e) Community crisis responder attended calls resulting in the following:

(i) Jail admission.

(ii) On-location de-escalation.

(iii) Crisis center or crisis stabilization unit residential admission.

(iv) Behavioral health facility inpatient admission.

(v) Referral for behavioral or mental health services without residential or inpatient admission.

(vi) Referral to community or social services such as homeless shelters, women’s shelters, or food pantries.

(f) Individuals served by community crisis responder attended calls by age, gender, and race or ethnicity.

(g) Reduction in frequency of law enforcement interaction with known frequently served individuals.

(h) Number of follow up visits, including method and location.

(i) Overall program costs by administration, training, co-responder clinician, co-responder, and per-call costs.

(6) The unexpended portion of funds appropriated in part 1 for the mental health diversion council are designated as work project appropriations and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year but shall be available for project expenditures under this section until the project has been completed. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the work project is to establishing or expanding diversion programs in partnership between local law enforcement and private or public behavioral health service providers.

(b) The project will be accomplished through grants to localities.

(c) The total estimated cost of the work project is \$20,000,000.00 of general fund/general purpose revenue.

(d) The estimated completion date is September 30, 2026.”

(2) The direct care wage increase shall be provided to direct care workers employed by the department, its contractors, and its subcontractors who received a \$2.00 per hour state-funded wage increase beginning in April 2020. The total combined direct care wage increases from the April 2020 direct care wage increase and the wage increase outlined in this section shall be \$2.00 per hour and shall be in effect for the current fiscal year.

(3) From the funds appropriated in part 1, the department shall provide sufficient funding to increase the wages paid to direct care workers described in subsections (4) and (5) by \$2.00 per hour above the rates paid on June 1, 2020 for the current fiscal year.

(4) A direct care wage increase of \$2.00 per hour shall be provided to direct care workers employed by skilled nursing facilities for the current fiscal year. This funding shall include all costs incurred by the employer, including payroll taxes, due to the \$2.00 per hour increase. As used in this subsection, “direct care workers” means a registered nurse, licensed practical nurse, competency-evaluated nursing assistant, and respiratory therapist.

(5) A direct care wage increase of \$2.00 per hour shall be provided to direct care workers employed by area agencies on aging and its contractors for in-home and respite services for the current fiscal year. This funding shall include all costs incurred by the employer, including payroll taxes, due to the \$2.00 per hour increase.

(6) Contractors and subcontractors receiving funding to support these direct care wage increases shall be required to provide documentation of the wage increases provided pursuant to this section to the department.

(7) Any payment enhancement above the hourly rate in effect immediately prior to the wage increase shall be of no effect in determining any employee’s average compensation as provided by any contract or other provision of law.

(8) A direct care worker may elect to not receive the wage increase provided in this section. The election to not receive the wage increase in this section must be made either in writing or electronically. The employer of a direct care worker who has elected to not receive the wage increase in this section must remit back to the state any of the funds authorized by this section based on the number of direct care workers it employs who have elected to not receive the wage increase authorized by this section.”.

and adjusting the subtotals, totals, and section 201 accordingly.

3. Amend page 119, following line 19, by inserting:

“Sec. 881. (1) From funds appropriated in part 1 for broadband innovation grants the department of technology, management, shall implement a statewide broadband grant program to facilitate broadband planning, data collection, broadband service mapping, and resolving barriers to broadband access, capacity, and adoption. Eligible applicants for the grants are limited to local units of government, non-profit organizations, educational institutions, and economic development associations.

(2) Within 60 days after receiving funds appropriated in part 1 for broadband innovation grants, the department of technology, management, and budget must develop and publish draft guidelines available to the public on how grant awards will be implemented. The draft guidelines must be available for public comment for not less than 30 days before the department of technology, management, and budget finalizes and implements the guidelines.

(3) The department of technology, management, and budget must not prohibit applicants from seeking other state or federal grants for broadband and must not exclude applicants who have previously received other state or federal grants for broadband.

(4) The department of technology, management, and budget must not award more than \$500,000.00 to any 1 project or to any 1 applicant or more than \$1,000,000.00 if the applicant satisfactorily demonstrates to the department of technology, management, and budget that the applicant has multi-jurisdiction support including a long-term financial commitment or a streamlined permitting process for internet service providers.

(5) The department of technology, management, and budget is authorized to retain up to 3% of the amount appropriated in part 1 for broadband innovation grants for administrative and research costs, including but not limited to, partnering with an educational institution or non-profit organization to study grant project outcomes and to make future recommendations.

(6) Grant funding must be used for purposes of broadband planning, data collection, resolving barriers to broadband access, capacity, and adoption and eligible spending activities may include, but are not limited to, the following:

(a) Community surveys and tools to communities to help aggregate demand for broadband service among residents, businesses, and community anchor institutions.

(b) Community planning activities including assessments of existing broadband access and consulting with technical experts and community members to identify solutions to expand access and adoption.

(c) Analyses of existing community assets to expand broadband infrastructure, including reviewing and modifying existing ordinances and policies to realize opportunities for regional collaboration and to streamline broadband deployment.

(d) Digital literacy programs, including partnerships with colleges, universities, and libraries to develop mentoring programs to train local residents in digital skills, particularly those sought after by employers.

(e) Initiatives that provide free or low-cost access to broadband or equipment necessary to access the internet.

(7) The unexpended funds appropriated in part 1 for broadband innovation grants are designated as a work project appropriation, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for projects under this section until the projects have been completed. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to facilitate broadband planning, broadband service mapping, data collection, and resolving barriers to broadband access, capacity, and adoption.

(b) All grants will be distributed in accordance with this section and the grant guidelines developed and published by the department of technology, management, and budget as required in subsection (2).

(c) The estimated cost of this project is \$50,000,000.00.

(d) The tentative completion date for the work project is September 30, 2025.

Sec. 882. (1) From funds appropriated in part 1 for fiber broadband infrastructure grants the department of technology, management shall implement a statewide broadband grant program to support costs related to the deployment of fiber and conduit for broadband infrastructure projects as well as engineering costs associated with broadband infrastructure projects.

(2) Eligible applicants for the grants are limited to local units of government, municipally owned electric utilities, Michigan electric cooperatives, and competitive local exchange carriers. All applicants must be Michigan-based or located within Michigan.

(3) Within 60 days after receiving funds appropriated in part 1 for fiber broadband infrastructure grants, the department of technology, management, and budget must develop and publish draft guidelines available to the public on how grant awards will be implemented. The draft guidelines must be available for public comment for not less than 30 days before the department of technology, management, and budget finalizes and implements the guidelines.

(4) The awarding of grants must be limited to those projects that will expand broadband infrastructure exclusively through the deployment of fiber and conduit. Grants awarded to local units of government, with the exception of municipally owned electric utilities that currently provide retail broadband service, must only be used for leasing access to the broadband infrastructure to private internet service providers or via retail service through a public-private partnership. The department of technology, management, and budget must not prohibit applicants from seeking other state or federal grants for broadband and must not exclude applicants who have previously received other state or federal grants for broadband.

(5) The department of technology, management, and budget must not award more than \$5,000,000.00 to any 1 project or more than \$10,000,000.00 if the applicant satisfactorily demonstrates to the department of technology, management, and budget that the applicant has multi-jurisdiction support including a long-term financial commitment or a streamlined permitting process for internet service providers.

(6) The department of technology, management, and budget is authorized to retain up to 3% of the amount appropriated in part 1 for broadband innovation grants for administrative and research costs, including but not limited to, partnering with an educational institution or non-profit organization to study grant project outcomes and to make future recommendations.

(7) Retail broadband service deployed through the infrastructure projects funded by the grants must comply with the following:

(a) Offer broadband service capable of delivering highspeed internet access at speeds of at least 100 megabits per second downstream and 10 megabits per second upstream.

(b) Offer reasonable rates and provide rate transparency to its broadband customers.

(c) Prohibit customer data from being sold to third parties without customer consent.

(d) Comply with annual reporting requirements, as determined by the department of technology, management, and budget, demonstrating customer rates of broadband adoption and the addresses at which broadband service is available.

(8) The unexpended funds appropriated in part 1 for broadband innovation grants are designated as a work project appropriation, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for projects under this section until the projects have been completed. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to support the expansion of fixed broadband technology and service by supporting the costs of deploying fiber and conduit for broadband infrastructure projects as well as engineering costs associated with broadband infrastructure projects.

(b) All grants will be distributed in accordance with this section and the grant guidelines developed and published by the department of technology, management, and budget as required in subsection (3).

(c) The estimated cost of this project is \$100,000,000.00.

(d) The tentative completion date for the work project is September 30, 2025.

Sec. 883. (1) As used in this section:

(a) "Area" means an area approved by a majority of participating households for planning, engineering, and installation costs of last mile to the home broadband.

(b) "Eligible costs" means costs of eligible grant applicants for planning, engineering, and installation of new last mile fiber to the home broadband in an area approved by the department of technology, management, and budget.

(c) "Eligible grant recipient" means municipalities, legally incorporated cooperatives, homeowner associations, neighbor block clubs, agricultural associations, and economic development organizations that do not operate a retail broadband service.

(d) "Internet service provider" means any of the following:

(i) An entity holding a license under the Michigan telecommunications act, 1991 PA 179, MCL 484.2101 to 484.2603.

(ii) An entity holding a franchise under the uniform video services local franchise act, 2006 PA 480, MCL 484.3301 to 484.3315.

(iii) An entity currently providing wholesale or retail broadband service in this state.

(e) "Participating household" means any legal resident of a household, business, or parcel owner, within the area of an eligible grant recipient that has affirmatively approved to participate in sharing the costs of a last mile fiber broadband project, as permitted by the bylaws of an eligible grant recipient.

(f) "RFP" means request for proposal.

(2) From funds appropriated in part 1 for future-proof last mile broadband grants the department of technology, management, shall implement a statewide broadband grant program to issue grants to eligible grant recipients to match costs associated with the planning, engineering, and installation of retail fiber necessary for physically extending fiber networks to end users' homes and premises.

(3) Within 60 days after receiving funds appropriated in part 1 for future-proof last mile broadband grants, the department of technology, management, and budget must develop and publish draft guidelines available to the public on how grant awards will be implemented. The draft guidelines must be available for public comment for not less than 30 days before the department of technology, management, and budget finalizes and implements the guidelines.

(4) The department of technology, management, and budget must hold multiple application periods at a minimum of 90 days each to ensure interested applicants have time to properly plan and apply for the grants.

(5) The department of technology, management, and budget must not prohibit applicants from seeking other state or federal grants for broadband and must not exclude applicants who have previously received other state or federal grants for broadband.

(6) The department of technology, management, and budget must determine a process and method for awarding grants that must comply with the following requirements:

(a) Grants must not exceed \$10,000,000.00 to any 1 project or to any 1 applicant.

(b) Grants must impact geographically and socioeconomically diverse populations.

(c) Grants must seek partnerships with Michigan colleges, universities, and non-profit organizations to support field research to better understand the needs of local residents.

(d) Grants must include an RFP process to solicit bids from internet service providers to either manage, construct, or operate retail broadband services.

(e) Eligible grant recipients conduct the review, selection, and approval of all agreements with internet service providers following all applicable laws and bylaws of the eligible grant recipient.

(f) Applicants publish transparent prices, data plans, and terms and conditions, and agree not to share customer data to third parties without customer consent.

(7) The grants must be used to provide up to a 50% funding match for the eligible costs that result in new fiber service to the home, premise, or parcel in a defined area associated with the eligible grant recipient. Grants must be used, as applicable, by each eligible grant recipient to reduce the eligible costs assigned to participating households or businesses towards the expense of a fiber to the home or premise project. The method of cost reduction assigned for each individual or business must be equitable and demonstrate compliance with any applicable bylaws or laws of the eligible grant recipient.

(8) The department of technology, management, and budget is authorized to retain up to 3% of the amount appropriated in part 1 for future-proof last mile broadband grants for administrative and research costs, including but not limited to, partnering with an educational institution or non-profit organization to study grant project outcomes and to make future recommendations.

(9) The unexpended funds appropriated in part 1 for future-proof last mile broadband grants are designated as a work project appropriation, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for projects under this section until the projects have been completed. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to implement a statewide broadband grant program to issue grants to eligible grant recipients to match costs associated with the planning, engineering, and installation of retail fiber necessary for physically extending fiber networks to end users' homes and premises.

(b) All grants will be distributed in accordance with this section and the grant guidelines developed and published by the department of technology, management, and budget as required in subsection (3).

(c) The estimated cost of this project is \$50,000,000.00.

(d) The tentative completion date for the work project is September 30, 2025."

4. Amend page 119, line 20, by striking out the balance of the page through "117-2." on line 5 of page 120. The motion did not prevail and the amendments were not adopted, a majority of the members serving not voting therefor.

Rep. Sabo moved to amend the bill as follows:

1. Amend page 33, line 20, after "\$" by striking out "2,610,300" and inserting "5,220,500".

“Sec. 953. (1) From the funds appropriated in part 1 for public safety city, village, and township revenue sharing, a city, village, or township eligible for a payment under section 952 of this act shall be eligible to receive a payment equal to its proportionate share under section 952 of this act multiplied by the amount appropriated for public safety city village, and township revenue sharing in part 1. A city, village, or township receiving funds under this section must use the funds to support law enforcement and first responder personnel-related needs. To receive the funds, a city, village, or township must certify, in a form determined by the department of treasury, that the funds will be used for any of the following purposes:

(a) Longevity, retention, or overtime personnel payments above existing compensation levels.

(b) Community engagement and outreach activities, including stipends or incentives for personnel to participate in off-hour community engagement activities.

(c) Stipends or reimbursements for completion of new training techniques, including, but not limited to, de-escalation, behavioral health, and crisis intervention.

(d) Costs associated with offering new behavioral health and wellness resources.

(2) If the department of treasury determines that the funds were not used for the purposes and in a manner delineated in this section, the city, village, or township must repay the funds to the department of treasury.

(3) Funds received under this section may not be used by the city, village, or township to replace or supplant existing payroll, health, or retirement obligations.”

8. Amend page 145, line 14, after “to” by striking out “105.5981” and inserting “106.6435”.

“Sec. 955a. (1) From the funds appropriated in part 1 for public safety county revenue sharing, a county eligible for a payment under section 952 and section 955 of this act shall be eligible to receive a payment equal to its proportionate share under section 952 and section 955 of this act for county revenue sharing and the county incentive program multiplied by the amount appropriated for public safety county revenue sharing in part 1. A county receiving funds under this section must use the funds to support law enforcement and first responder personnel-related needs. To receive the funds, a county must certify, in a form determined by the department of treasury, that the funds will be used for any of the following purposes:

(a) Longevity, retention, or overtime personnel payments above existing compensation levels.

(b) Community engagement and outreach activities, including stipends or incentives for personnel to participate in off-hour community engagement activities.

(c) Stipends or reimbursements for completion of new training techniques, including, but not limited to, de-escalation, behavioral health, and crisis intervention.

(d) Costs associated with offering new behavioral health and wellness resources.

(2) If the department of treasury determines that the funds were not used for the purposes and in a manner delineated in this section, the county must repay the funds to the department of treasury.

(3) Funds received under this section may not be used by the county to replace or supplant existing payroll, health, or retirement obligations.”

 Rep. Frederick moved that the bill be given immediate effect.
 The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Jeff Yaroch, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I question the Manufactured Housing Commission (MHC) setting the standards for the placement of fire hydrants. Also, I am against the MHC, which is an unelected body, acting in a quasi-judicial role by conducting hearings to review a decision by local government. Disputes between park owners and local government should be heard by the Judiciary, not the Executive Branch.”
