(2) A manufacturer or distributor of an absent voter ballot secrecy envelope container shall submit an absent voter ballot secrecy envelope container to the secretary of state for approval under the requirements of subsection (3) before the container is sold to a city or township for use at an election.

(3) The secretary of state shall not approve an absent voter ballot secrecy envelope container unless the container meets both of the following requirements:

- (a) The container is made of metal, plastic, fiberglass, or other material, that provides resistance to tampering.
- (b) The container is capable of being sealed.

(4) Before October 20, 2022, each board of county canvassers shall examine the absent voter ballot secrecy envelope containers to be used at the November 8, 2022 general election conducted under this act. Except as otherwise provided in this subsection, beginning January 1, 2023, not later than June 1, 2026, and not later than June 1 every 4 years thereafter, each board of county canvassers shall examine the absent voter ballot secrecy envelope containers to be used at the August primary election or at the general November election that follows the August primary election conducted under this act. (2) Notwithstanding any other provision of law to the contrary, an individual who appears to vote in an election and whose name appears in the qualified voter file for that city, township, or school district is considered a registered voter of that city, township, or school district under this act.

(3) The secretary of state, a designated voter registration agency, or a county, city, or township clerk shall not place a name of an individual into the qualified voter file unless that individual signs an application as prescribed in section 509r(3). The secretary of state shall make the canceled voter registration information under this subsection available to the clerk of each county, city, or township to assist with the clerk's obligations under section 510.

(5) Subject to this subsection, the secretary of state shall participate with other states in 1 or more recognized multistate programs or services, if available, to assist in the verification of the current residence and voter registration status of electors. The secretary of state shall not participate in any recognized multistate program or service described in this subsection that requires this state to promote or adopt legislation as a condition of participation in that program or service. In addition, the secretary of state shall not participate in any recognized multistate program or service described in this subsection if the secretary of state determines that data of that program or service are not being adequately secured or protected. The secretary of state shall follow the procedures under section 509aa(5) with regard to any electors affected by information obtained through any multistate program or service.

Sec. 510. (1) Until December 31, 2022, at least once a month, the county clerk shall forward a list of the last known address and birth date of all individuals over 17-1/2 years of age who have died in the county to the clerk of each city or township in the county. The city or township clerk shall compare this list with the registration records and cancel the registration of the deceased electors.

(2) Beginning January 1, 2023, and except as otherwise provided in subsections (6) and (7), at least once a month, and not later than the second business day of each month, each county clerk shall update the qualified voter file to initiate the cancellation of the voter registration of all individuals over 17-1/2 years of age who have died in the county.

(4) Beginning January 1, 2023, upon receiving an electronic notification under subsection (3), the city or township clerk shall compare the electronic notification with the voter registration records in that city or township and complete the cancellation of the voter registration of each deceased elector in that city or township.

(5) Beginning January 1, 2023, if the secretary of state updates the qualified voter file to cancel the voter registration of any deceased elector, the secretary of state shall, within 24 hours after the qualified voter file is updated, send an electronic notification to the appropriate city or township clerk regarding each canceled voter registration in that city or township. The secretary of state shall notify each appropriate city or township clerk of any voter registration that needs to be canceled after 4 p.m. on the day before an election so that the city or township clerk can cancel the voter registration.

(4) Beginning October 20, 2022 and until the 2022 general November election day, an individual who is authorized under subsection (3) must regularly inspect each absent voter ballot drop box used in that city or township to confirm that the absent voter ballot drop box complies with all of the requirements under this section. Beginning January 1, 2023, 75 days before each election and until election day, an individual who is authorized under subsection (3) must regularly inspect each absent voter ballot drop box used in that city or township to confirm that the absent voter ballot drop box complies with all of the requirements under this section.

(5) Beginning 15 days before each election and until election day, an individual who is authorized under subsection (3) must collect, on any day in which the city or township clerk's office is open for business, the election materials deposited in an absent voter ballot drop box located in the city or township.

(6) When an individual who is authorized under subsection (3) collects absent voter ballot return envelopes from an absent voter ballot drop box, that individual must, unless traveling from 1 absent voter ballot drop box to another absent voter ballot drop box, immediately return those collected absent voter ballot return envelopes to the city or township clerk's office.

(7) All absent voter ballot return envelopes collected from an absent voter ballot drop box must be transported in a ballot container approved under section 24j or in an absent voter ballot secrecy envelope container as described in section 24k.

Sec. 765. (1) Except as otherwise provided in subsection (6), a clerk who receives an absent voter ballot return envelope containing the marked ballots of an absent voter shall not open that envelope before delivering the envelope to the board of election inspectors as provided in this section. Except as otherwise provided in subsection (6), the city or township clerk shall safely keep in the clerk's office until election day any absent voter ballot return envelopes received by the clerk before election day containing the marked ballots of an absent voter.

(2) Before the opening of the polls on election day or as soon after the opening of the polls as possible, the clerk shall deliver the absent voter ballot return envelopes to the chairperson or other member of the board of election inspectors in the absent voter's precinct, together with the signed absent voter ballot applications received by the clerk from any voters of that precinct and the clerk's list or record kept relative to those absent voters. However, if higher numbered ballots are used under section 717, the clerk shall retain the applications and lists in the clerk's office and shall keep the applications and lists open to public inspection at all reasonable hours. Absent voter ballots must not be tabulated before the opening of the polls on election day.

(3) The city or township clerk, or authorized designee of the clerk, shall call for and receive absent voter ballots from the post office at which the city or township clerk regularly receives mail addressed to the city or township clerk on election day. Any envelopes containing absent voter ballots that are received from the post office or from voters who voted by absentee ballot in person in the clerk's office on election day must be delivered to the board of election inspectors or, except as otherwise provided in section 764d, the absent voter counting boards to be tabulated.

(4) If a marked absent voter ballot is received by the clerk after the close of the polls, the clerk shall plainly mark the envelope with the time and date of receipt and shall file the envelope in the clerk's office.

(5) On or before 8 a.m. on election day, the clerk shall post in the clerk's office or otherwise make public the number of absent voter ballots the clerk distributed to absent voters and the number of absent voter ballot return envelopes containing the marked ballots of absent voters received by the clerk before election day and to be delivered to the board of election inspectors or the absent voter counting boards under this act. The city or township clerk shall maintain a record of the absent voter ballots received by the city or township clerk that reconciles the number of absent voter ballots received by the city or township clerk as recorded in the qualified voter file with the number of absent voter ballots tabulated at the polling place locations or absent voter counting board locations in that city or township. This subsection applies only to elections in which a federal or state office appears on the ballot.

(6) If the clerk of a city or township with a population of at least 10,000 provides written notice in compliance with this subsection to the secretary of state 20 days or more before election day, that city or township clerk, or the clerk's authorized designee, may between the hours of 7 a.m. and 8 p.m. on the Sunday and Monday before election day perform certain absent voter ballot pre-processing activities as described in this subsection. The written notice provided to the secretary of state must include the location and hours that the absent voter ballot return envelopes will be opened in that city or township. For the November 8, 2022 general election only, the secretary of state shall post any written notice received by the clerk of a city or township under this subsection on the department of state website not later than October 29, 2022. Beginning January 1, 2023, after receiving the written notice from a city or township clerk under this subsection, but not later than 7 business days after receiving the notice, the secretary of state shall make the notice publicly available by posting the notice on the department of state website. In addition, the clerk of the city or township shall, as soon as possible, but not later than 7 business days before the election, make the written notice provided to the secretary of state publicly available by posting the notice on the city or township website. A revised notice must be posted on the city or township website not later than 24 hours before the pre-processing activities are to begin and must include the updated and correct location and hours of those pre-processing activities in the city or township. The board of election commissioners shall appoint election inspectors to the location where absent voter ballot return envelopes will be opened in that city or township not less than 21 days or more than 40 days before the day at which they are to be used. The board of election commissioners shall appoint at least 1 election inspector from each major political party and shall appoint, as nearly as possible, an equal number of election inspectors from each major political party. Election inspectors may be appointed by the board of election commissioners under this subsection before written notice is provided to the secretary of state under this subsection. Sections 673a and 674 apply to the appointment of election inspectors under this subsection. At all times, at least 1 election inspector from each major political party must be present at the location and the policies and procedures adopted by the secretary of state regarding the handling of absent voter ballot return envelopes and absent voter ballot secrecy envelopes must be followed. After providing written notice to the secretary of state in compliance with this subsection, a city or township clerk, or the clerk's authorized designee, on the Sunday and Monday before election day is only authorized to perform standard processing activities up to and including the opening of absent voter ballot return envelopes and the removal of absent voter ballot secrecy envelopes containing absent voter ballots and to verify that the ballot number on the ballot stub agrees with the ballot number on the absent voter ballot return envelope label. The city or township clerk, or the clerk's authorized designee, is not authorized to remove absent voter ballots from the absent voter ballot secrecy envelopes. If an opened absent voter ballot return envelope contains an absent voter ballot that is not contained in an absent voter ballot secrecy envelope, the city or township clerk, or the clerk's designee, shall immediately insert that absent voter ballot into an absent voter ballot secrecy envelope. The opening of absent voter ballot return envelopes must be done at a location designated by the city or township clerk, and must be done consistent with this section. A political party, incorporated organization, or organized committee of interested citizens may designate 1 challenger for every 6 election inspectors serving at a pre-processing location. If there are 5 or fewer election inspectors serving at a pre-processing location, a political party, incorporated organization, or organized committee of interested citizens may designate 1 challenger at the

pre-processing location. Challengers present at a pre-processing location have, as applicable, all of the rights and obligations that apply to challengers under sections 730, 731, 733, and 734. The election inspectors appointed to the location where absent voter ballot return envelopes will be opened in that city or township must never leave the absent voter ballot secrecy envelopes unattended.
