Rep. Bronna Kahle, from the 57th District, offered the following invocation:

“Lord of All. Prince of Peace. We come before You today with humility, acknowledging that You alone are the Way, the Truth, and the Life. You are all-wise, all-seeing, and all-knowing. And You are Love. You delight in showing mercy--and mercy triumphs over judgement. Thank You for Your undeserved and unmerited grace. Thank You that You unconditionally love each member of this body deeply. Draw each one of us to You in truth and with a personal revelation of Who You are. Help each of us to look to You and see the world rightly, through Your eyes. I ask for Your discernment, in Jesus’ name, for each and every one of us. Give us eyes to see, ears to hear, and hearts to understand. Give us wisdom to allocate resources well. Help us make laws to protect our freedoms so that the people of Michigan can live peaceful, quiet lives in godliness and dignity. Give us insight into the needs of our communities and discernment to make decisions to lead our state well. Now to Him Who is able to do exceedingly abundantly above all that we ask or think, according to the power that works in us. Amen.”

Rep. Rabhi moved that Reps. Anthony, Brabec, Lasinski and Puri be excused from today’s session. The motion prevailed.

Rep. Frederick moved that Rep. Bezotte be excused from today’s session. The motion prevailed.

The House agreed to the title of the joint resolution.
Rep. Frederick moved that the joint resolution be given immediate effect.
The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Stone, having reserved the right to explain her nay vote, made the following statement:

“Mr. Speaker and members of the House:

Today, I voted no on a proposed amendment to Michigan’s Constitution. This resolution contains financial disclosure requirements, which is a good thing ... I already voluntarily provide a financial disclosure for purposes of transparency. But unfortunately, it doesn’t go far enough. Michigan is one of only two states that doesn’t require elected officials to report their finances. Democrats in the Legislature have been championing this issue for years, and we have bills that are ready to go that would require financial disclosure for all statewide elected officials, as well as an ethics committee to provide public oversight. If the intent of the legislation is financial disclosure, then why has the legislature failed to take up those bills instead?

In addition, this resolution addresses term limits. Under the amendment, the number of years that a legislator can serve would decrease from 14 to 12. On the surface, restrictive term limits are generally popular. But like so many things, the devil is in the details. This amendment would actually increase the number of terms a person could serve in the House or the Senate (but not both). From two terms to three in the Senate. And from three terms to six in the House. I anticipate the unintended consequence resulting in the lack of cross over collegiality with fewer colleagues crossing over to serve between the legislative houses. Although I voted no, the amendment did pass, but now it will go on the ballot for the November election. I urge you to read the proposal and make the decision that is best for you.”

By unanimous consent the House returned to the order of
Messages from the Senate

The Speaker laid before the House
Senate Bill No. 627, entitled

A bill to provide for the recovery or replacement of durable monuments defining the Michigan-Indiana state line; to create a commission; to provide for the powers and duties of certain state and local governmental officers and agencies; and to repeal acts and parts of acts.

(The bill was received from the Senate on May 5, with an amendment to the House substitute (H-2), and immediate effect given by the Senate, consideration of which, under the rules, was postponed until today, see House Journal No. 40, p. 639.)

The question being on concurring in the amendment to the House substitute (H-2) made to the bill by the Senate,

The amendment was concurred in, a majority of the members serving voting therefor, by yeas and nays, as follows:

Motions and Resolutions

Reps. Brenda Carter, Sabo, Weiss, Rabhi, Stone, Hope, Garza, Sowerby, Breen, Haadsma, Scott, Anthony, Tyrone Carter, Morse and Young offered the following resolution:

House Resolution No. 291.

A resolution to urge the Michigan Legislature to provide all state employees \$2,000 in Public Employee Recognition Pay.

Whereas, The COVID-19 Pandemic has taken a tremendous toll on state employees. Difficulties with retention and struggles to fill vacant positions have forced civil servants to take on expanded roles and responsibilities. Across state government, the number of full-time employee equivalents has declined significantly over the last two-plus years; and

Whereas, Through this turbulence, state employees have shown incredible resilience and dedication to serving Michigan taxpayers. State employees have had to demonstrate immense flexibility to adapt to rapidly changing policies and demands. Many state employees put their own health at risk to provide the public with critical support and life-saving services throughout this unprecedented crisis; and

Whereas, One group of workers who faced, and continue to face, increased risk of COVID-19 infection are Michigan's Department of Health and Human Services (DHHS) microbiologists and laboratory scientists. In addition to their normal workload, these employees are responsible for the bulk of the COVID-19 tests, often working 12 to 15 hours a day, 7 days per week, to handle this immense responsibility. These unsung heroes in the fight against this virus, like Michigan's nurses and doctors, face a heightened risk of infection, along with bringing the virus home to their families, and yet they have been forgotten by the state concerning hazard pay and other accolades; and

Whereas, Technical Unit Workers within the Michigan Department of Transportation (MDOT) put themselves and their families in harm's way to ensure continuity and reliability in maintaining and repairing our bridges and roads. These essential workers and unsung heroes continue to do critical work despite difficulties and issues that existed in the early stages of the COVID-19 Pandemic, such as a lack of proper PPE and an inability to access rest areas and restaurants as many were closed to ensure the safety of Michiganders and stem the spread of the deadly coronavirus; and

Whereas, Countless state employees, including forensic scientists, conservation officers, food inspectors, transportation engineers, drafting techs, geologists, pharmacy assistants, migrant service workers, dental hygienists, aircraft pilots, unemployment insurance examiners, Native American outreach workers, environmental quality analysts, fisheries biologists, and hundreds of other classifications, did everything asked of them to keep Michigan moving forward. All indispensable to the state's effort, they put our state and the services it provides to Michigan residents before their personal health and safety; and

Whereas, As Michigan's elected leaders, it is our responsibility to properly compensate state employees for their sacrifices and dedication during the COVID-19 Pandemic. Not only is this hazard pay warranted for their work over the last two years but it will also improve our ability to attract and retain employees moving forward; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Legislature to provide all state employees \$2,000 in Public Employee Recognition Pay; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the Michigan House of Representatives, the Minority Leader of the Michigan House of Representatives, the Majority Leader of the Michigan Senate, and the Minority Leader of the Michigan Senate.

The resolution was referred to the Committee on Appropriations.

Reps. Kuppa, Stone, Shannon, Anthony, Hope, Brixie, Scott, Neeley, Brabec, Coleman, Breen, Hood, Rabhi, Cavanagh, Aiyash, Sowerby, LaGrand, Whitsett, Jones, Haadsma and Morse offered the following resolution:

House Resolution No. 292.

A resolution to urge the Governor to convene an Infrastructure Task Force to coordinate efforts to ensure federal funding is used to advance climate, resilience, and equity goals, and to direct the work of the task force.

Whereas, The Intergovernmental Panel on Climate Change recently issued a report highlighting the need for fundamental changes in society to tackle climate change and deal with the impacts of climate breakdown. In response, scientists, STEM professionals and interfaith leaders around the world are heeding warnings and taking action by educating the public and policymakers about the impending climate catastrophe; and

Whereas, Climate change is threatening Michigan's economy with increased frequency of extreme weather likely to result in unprecedented risks, damages, and costs for our residents and communities. These costs will continue growing without public action, saddling our children and grandchildren with extreme financial burden and negatively impacting the health, resilience, and quality of life in Michigan; and

Whereas, Michigan can take steps now to both reduce our state's contributions to climate change and to protect against its impacts, and to do so in an equitable way that protects our most vulnerable citizens; and

Whereas, The Governor signed Executive Order 2020-182 and Executive Directive 2020-10 to commit Michigan to the goal of achieving economy-wide carbon neutrality no later than 2050 through the development and implementation of the MI Healthy Climate Plan. The Department of Environment, Great Lakes, and Energy; other state agencies; and the Infrastructure Task Force will help implement the plan by strengthening our energy infrastructure and guiding the construction of green energy infrastructure; and

Whereas, The Michigan Infrastructure Office and the Infrastructure Task Force will work collaboratively to ensure federal infrastructure funding is used effectively and efficiently. In addition to federal funding oversight, the Task Force will collaborate with the private sector and focus on broad, long-term actions; and

Whereas, The Federal government has passed the Infrastructure Investment and Jobs Act that will deliver millions of dollars in badly needed infrastructure and climate-related funding to Michigan, providing an opportunity to use these funds to address these challenges and improve the resilience of our state; and

Whereas, President Biden's Justice40 initiative will ensure that federal agencies work with states and local communities to deliver at least 40 percent of the overall benefits from Federal investments in climate and clean energy to disadvantaged communities; now, therefore be

Resolved by the House of Representatives, That we urge the Governor to convene an Infrastructure Task Force to coordinate efforts to ensure federal funding is used to advance climate, resilience, and equity goals; and be it further

Resolved, That the Infrastructure Task Force be comprised of senior officials of relevant state agencies and convened with all due haste; and be it further

Resolved, That the Infrastructure Task Force solicit and consider input from stakeholders; and be it further

Resolved, That the Infrastructure Task Force may develop guiding principles, recommendations, and other resources to assist state agencies in coordination efforts; and be it further

Resolved, That copies of this resolution be transmitted to the Governor.

The resolution was referred to the Committee on Government Operations.

Reps. Sneller, Sowerby, Ellison, Cherry, O'Malley, Roth, Clemente, Brabec, Neeley, Steenland, Liberati, Shannon, Camilleri, Peterson, Howell, Sabo, LaFave, Griffin, Lasinski, Jones, Coleman, Yancey, Haadsma, Hope, Kahle, Morse, Rogers, Stone, Weiss, Witwer and Young offered the following resolution:

House Resolution No. 293.

A resolution to declare May 11, 2022, as Rail Day in the state of Michigan.

Whereas, America celebrates National Rail Day in May to commemorate the completion of America's first transcontinental railroad on May 11, 1869; and

Whereas, Michigan is fortunate to have 3,465 freight rail miles operated by 29 freight carriers and Amtrak passenger service; and

Whereas, From the auto industry and other manufacturers to mining and agriculture, Michigan's productive freight rail network provides key connections to keep the Great Lakes State economy vibrant; and

Whereas, Railroads are a very safe way to move freight and are working hard to improve infrastructure and equipment safety, reduce human error and protect the rail network every day; and

Whereas, Between 2000 and 2021, train accidents were down 33% and between 2000 and 2020, the hazmat accident rate was down 60%. The rail employee injury rate in 2020 was an all-time low; and

Whereas, Technology used throughout the nearly 140,000-mile national rail network — from smart sensors to big data and drones — ensure infrastructure and equipment remains safe; and

Whereas, Moving freight by rail prevented 6.97 million tons of greenhouse gas emissions, the equivalent of taking 1.37 million cars off the road or planting 105.6 million trees; and

Whereas, Railroads help preserve infrastructure and aid in cutting congestion. Freight railroads take 4.7 million truckloads off Michigan roads annually; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 11, 2022, as Rail Day in the state of Michigan, and be it further

Resolved, That we recognize and celebrate the pivotal role that a robust freight railroad and passenger system is to the residents of the Great Lakes State.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Rogers, Haadsma, Hope, Kahle, Morse, Sneller, Sowerby, Stone, Weiss, Witwer and Young offered the following resolution:

House Resolution No. 294.

A resolution to declare May 2022 as Bike Month in the state of Michigan.

Whereas, An estimated two million Michiganders ride bicycles because they are a viable and environmentally sound form of transportation and recreation, an excellent form of fitness, and they help improve quality of life, sense of place, and connect us all as one Michigan; and

Whereas, Riding a bicycle is an excellent form of exercise that improves mental and physical health and is part of a healthy lifestyle for individuals; and

Whereas, Thousands of people throughout Michigan will experience the joys of bicycling during the month of May through educational programs, commuting events, trail workdays, helmet promotions, and charity rides; and

Whereas, Commuting by bicycle benefits both employees and employers through improved employee health and fitness and a reduction in commuting costs; and

Whereas, Bicycle commuting is an effective way to improve air quality, reduce traffic congestion, and conserve energy; and

Whereas, In 2022, thousands of cyclists from across the country will participate in hundreds of organized Michigan cycling events to experience our beautiful scenery, many parks, attractions, and historic sites; and

Whereas, Cycling provides an economic benefit to Michigan’s economy, including employment, retail revenue, tourism expenditure, and increased health and productivity; and

Whereas, Bicyclists are legal roadway users and teaching bicyclists and motorists to co-exist on the road is important to ensure the safety and comfort of all users; and

Whereas, According to Smart Growth America (SGA) Michigan has one of the most complete streets efforts in place and ranks 6th in the with 108 polices statewide; and

Whereas, Michigan is known as the top trail state joining together our upper and lower peninsula with the greatest number of rail-trail mileage at more than 2,700 miles, along with nearly 2,000 miles of looped mountain biking trails on state-managed lands linking the vibrant city of Detroit to the majestic hills of Iron Mountain, in addition to the internationally recognized mountain biking trail network in Copper Harbor or the Slow Roll in Detroit; and

Whereas, Michigan has thirteen recognized Bicycle Friendly Communities, nine Bicycle Friendly Universities, thirty Bicycle Friendly Businesses, is ranked as the 15th most Bicycle Friendly State by the League of American Bicyclists, and has been recognized as having one of the oldest known established bike clubs formed in the late 1800s; and

Whereas, Michigan has hundreds of bicycle shops and dozens of bike clubs and bicycle-related industries; and

Whereas, Michigan has three officially designated cross state U.S. Bicycle Routes (USBR). These cross-state USBR total nearly 1,000 miles; and

Whereas, Michigan is a leader of inclusive cycling opportunities which demonstrate that everyone can ride; and

Whereas, Michigan’s own Horatio Earle led the Good Roads Movement that banded millions of American bicyclists together to promote safer cycling, which resulted in the creation of the Michigan State Highway Department (now MDOT) and Woodward Avenue becoming the first mile of concrete highway in the world; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 2022 as Bike Month in the state of Michigan; and be it further

Resolved, That a copy of this resolution be transmitted to Secretary of State Jocelyn Benson.

The question being on the adoption of the resolution,

The resolution was adopted.

Rep. Frederick moved that House Committees be given leave to meet during the balance of today’s session. The motion prevailed.
