A bill to amend 1976 PA 451, entitled "The revised school code,"
by amending sections 1147 and 1561 (MCL 380.1147 and 380.1561),
section 1147 as amended by 2016 PA 192 and section 1561 as amended
by 2016 PA 532.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

Sec. 1147. (1) A child who is a resident of a school district
that does not provide kindergarten and who is at least 5 years of
age on the first day of enrollment of the school year may attend
school in a public school operated by the school district or, for a
community district or a school district that does not directly
operate schools on its own, in another public school located within
the geographic boundaries of the school district. Each school
district and public school academy that offers grade 1 shall
provide kindergarten.

(2) Subject to subsection (3), beginning with the 2015-2016
school year, For school years before the 2025-2026 school year, a
child who is at least 5 years of age on September 1 of the school
year of enrollment and who resides in the school district or who is
eligible to enroll in and be counted in membership in the school
district under section 105 or 105c of the state school aid act of
1979, MCL 388.1705 and 388.1705c, may enroll in kindergarten in a
public school operated by the school district or, for a community
district or a school district that does not directly operate
schools on its own, in another public school located within the
geographic boundaries of the school district. Beginning with the
2025-2026 school year, subject to subsection (4) and section 1561,
a child who is at least 5 years of age on September 1 of the school
year of enrollment and who resides in the school district or who is
eligible to enroll in and be counted in membership in the school
district under section 105 or 105c of the state school aid act of
1979, MCL 388.1705 and 388.1705c, shall enroll in kindergarten in a
public school operated by the school district or, for a community
district or a school district that does not directly operate
schools on its own, in another public school located within the
geographic boundaries of the school district.

(3) If a child residing in the school district or a child
eligible to enroll in and be counted in membership in the school
district under section 105 or 105c of the state school aid act of
1979, MCL 388.1705 and 388.1705c, is not 5 years of age on the
enrollment eligibility date specified in subsection (2), but will
be 5 years of age by not later than December 1 of a school year,
the parent or legal guardian of that child may enroll the child in kindergarten for that school year in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district if the parent or legal guardian notifies the public school in writing that he or she intends to enroll the child in kindergarten for that school year. A public school that receives this written notification may make a recommendation to the parent or legal guardian of a child described in this subsection that the child is not ready to enroll in kindergarten due to the child's age or other factors. However, regardless of this recommendation, the parent or legal guardian retains the sole discretion to determine whether or not to enroll the child in kindergarten under this subsection.

(4) If a child residing in the school district or a child eligible to enroll in and be counted in membership in the school district under section 105 or 105c of the state school aid act of 1979, MCL 388.1705 and 388.1705c, is 5 years of age on the enrollment eligibility date specified in subsection (2), the parent or legal guardian of that child may delay enrolling the child in kindergarten for only that school year in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district if the parent or legal guardian notifies the public school in writing that the parent or legal guardian intends to delay enrolling the child in kindergarten for only that school year.
(5) The ages prescribed in this section for a child's eligibility for enrollment in a public school also apply to a child's eligibility to enroll in a public school academy.

(6) If a public school enrolls any children in kindergarten for a school year under subsection (3), the public school shall notify the department of the number of those children enrolled by not later than December 31 of that school year.

(7) This section does not require a school district to operate a public school directly on its own.

(8) This section does not apply to a school district that does not operate a public school directly but retains a limited separate identity for purposes of section 12, 12b, 863, 903, or 947.

(9) This section does not require a school district or public school academy that does not otherwise provide kindergarten to provide kindergarten.

Sec. 1561. (1) Except as otherwise provided in this section and subject to section 1147(4), for a child residing in this state who is at least age 5, the child's parent, legal guardian, or other person in this state having control and charge of the child shall send that child to a public school during the entire school year as provided in subsection (2). Except as otherwise provided in this section, for a child who turned age 11 before December 1, 2009 or who entered grade 6 before 2009, the child's parent, legal guardian, or other person in this state having control and charge of the child shall send that child to a public school during the entire school year from the age of 6 to beginning on the first day of school on which a child must be enrolled as specified under subsection (2) until the child's sixteenth birthday. Except as
otherwise provided in this section, for a child who turns age 11 on

guardian, or other person in this state having control and charge
of the child shall send the child to a public school during the
entire school year from the age of 6 to beginning on the first day
of school on which a child must be enrolled as specified under
subsection (2) until the child's eighteenth birthday. The child's
attendance shall must be continuous and consecutive for the school
year fixed by the school district in which the child is enrolled.
In a school district that maintains school during the entire
calendar year and in which the school year is divided into
quarters, a child is not required to attend the public school more
than 3 quarters in 1 calendar year, but a child shall not be absent
for 2 or more consecutive quarters.

(2) Subject to section 1147(4), a child becoming 5 years
of age on or before December-September 1 shall must be enrolled on
the first school day of the school year that begins in the calendar
year in which the child's sixth-fifth birthday occurs, and, subject
to section 1147(3), a child becoming 5 years of age on or after
December-September 1 shall must be enrolled on the first school day
of the school year following the school year that begins in the
calendar year in which the child's sixth-fifth birthday occurs.

(3) A child is not required to attend a public school in any
of the following cases:

(a) The child is attending regularly and is being taught in a
state approved nonpublic school, which teaches subjects
comparable to those taught in the public schools to children of
corresponding age and grade, as determined by the course of study
for the public schools of the district within which the nonpublic
school is located.

(b) The child is less than 9 years of age and does not reside

confirmation classes conducted for a period of 5 months or less.

(c) (d) The child is regularly enrolled in a public school
while in attendance at religious instruction classes for not more
than 2 class hours per week, off public school property during
public school hours, upon written request of the parent, legal
guardian, or person in loco parentis.

(d) (e) The child has graduated from high school or has
fulfilled all requirements for high school graduation.

(e) (f) The child is being educated at the child's home by his
the child's parent or legal guardian in an organized
educational program in the subject areas of reading, spelling,
mathematics, science, history, civics, literature, writing, and
English grammar.

(4) For a child being educated at the child's home by his or
the child's parent or legal guardian, exemption from the
requirement to attend public school may exist under either
subsection (3)(a) or (3)(f), (e), or both.

(5) For a child who turns age 11 on or after December 1, 2009
or who was age 11 before that date and enters grade 6 in 2009 or
later, this section does not apply to the child if the child is at
least age 16 and the child's parent or legal guardian has provided
to school officials of the school district in which the child
resides a written notice that the child has the permission of the parent or legal guardian to stop attending school.
