RAIL FIXED GUIDEWAY PUBLIC TRANSPORTATION SYSTEMS (EXCERPT) Act 63 of 2018

247.781 Definitions.

Sec. 1.

As used in this act:

- (a) "Corrective action plan" means a plan developed by a rail transit agency that describes the actions that the rail transit agency will take to minimize, control, correct, or eliminate risks or hazards, and the schedule for taking those actions
- (b) "Covered rail fixed guideway public transportation system" means a transit system operating within this state that is subject to the state safety oversight requirements under 49 CFR 659 and 49 CFR 674.
 - (c) "Department" means the state transportation department.
- (d) "Hazard" means a real or potential condition that can cause injury, illness, or death; damage to or loss of facilities, equipment, rolling stock, or infrastructure of a rail fixed guideway public transportation system; or damage to the environment.
- (e) "Investigation" means a process of determining the causal and contributing factors of an accident, incident, or hazard to prevent recurrence and mitigate risk.
- (f) "Rail fixed guideway public transportation system" means a fixed guideway system, including a fixed guideway system that is in the process of engineering or construction, that uses rail, is operated for the purpose of public transportation, is within the jurisdiction of a state, and is not subject to the jurisdiction of the Federal Railroad Administration. Rail fixed guideway public transportation system includes, but is not limited to, a rapid rail, heavy rail, light rail, monorail, trolley, streetcar, inclined plane, funicular, and automated guideway system.
- (g) "Rail transit agency" means an entity that provides services on a rail fixed guideway public transportation system.
- (h) "State safety oversight entity" means the office of rail within the state transportation department designated under section 5.
