If a member is in an ongoing course of treatment with any other physician who is participating with the health care corporation and the participation between the physician and the health care corporation terminates, the physician may provide written notice of this termination to the member within 15 days after the physician becomes aware of the termination. The notices under this subsection may also describe the procedure for continuing care under subsections (2) and (3).

(2) If participation between a member's current physician and a health care corporation terminates, the health care corporation shall permit the member to continue an ongoing course of treatment with that physician as follows:

(3) Subsection (2) applies only if the physician agrees to all of the following:

(a) To participate on a per claim basis and to accept as payment in full reimbursement from the health care corporation at the rates applicable prior to the termination.

(b) To adhere to the health care corporation's standards for maintaining quality health care and to provide to the health care corporation necessary medical information related to the care.

(c) To otherwise adhere to the health care corporation's policies and procedures, including, but not limited to, those concerning utilization review, referrals, preauthorizations, and treatment plans.

(4) A health care corporation shall provide written notice to each participating physician that if participation between the physician and the health care corporation terminates, the physician may do both of the following:

(a) Notify the health care corporation's members under the care of the physician of the termination if the physician does so within 15 days after the physician becomes aware of the termination.

(b) Include in the notice under subdivision (a) a description of the procedures for continuing care under subsections (2) and (3).

(5) This section does not create an obligation for a health care corporation to provide to a member coverage beyond the maximum coverage limits permitted by the health care corporation's certificate with the member. This section does not create an obligation for a health care corporation to expand who may be a primary care physician under a certificate.
