

BEVERAGE CONTAINERS (EXCERPT)
Initiated Law 1 of 1976

445.573f Community pollution prevention fund.

Sec. 3f.

(1) The community pollution prevention fund is created within the state treasury.

(2) The state treasurer may receive money or other assets from any source for deposit into the community pollution prevention fund. The state treasurer shall direct the investment of the community pollution prevention fund. The state treasurer shall credit to the community pollution prevention fund interest and earnings from fund investments.

(3) Money in the community pollution prevention fund at the close of the fiscal year shall remain in the community pollution prevention fund and shall not lapse to the general fund.

(4) The department of environmental quality shall expend interest and earnings of the community pollution prevention fund only, upon appropriation, for grants for the purpose of preventing pollution, with an emphasis on the prevention of groundwater contamination and resulting risks to the public health, ecological risks, and public and private cleanup costs. The department of environmental quality shall enter into contractual agreements with grant recipients, who shall include county governments, local health departments, municipalities, and regional planning agencies. Activities to be performed by grant recipients and program objectives and deliverables shall be specified in the contractual agreements. Grant recipients shall provide a financial match of not less than 25% nor more than 50%. Not more than \$100,000.00 may be granted in any fiscal year to a single recipient. Eligible pollution prevention activities include all of the following:

(a) Drinking water wellhead protection, including the delineation of wellhead protection areas and implementation of wellhead protection plans pursuant to the safe drinking water act, Act No. 399 of the Public Acts of 1976, being sections 325.1001 to 325.1023 of the Michigan Compiled Laws.

(b) The review of pollution incident prevention plans prepared by, and the inspection of, facilities whose storage or handling of hazardous materials may pose a risk to the groundwater.

(c) The identification and plugging of abandoned wells other than oil and gas wells.

(d) Programs to educate the general public and businesses that use or handle hazardous materials on pollution prevention methods, technologies, and processes, with an emphasis on the direct reduction of toxic material releases or disposal at the source.

(5) The department of environmental quality shall annually prepare a report summarizing the grants made under this section, contractual commitments made and achieved, and a preliminary evaluation of the effectiveness of this section not later than September 30, 1997, and September 30 of each year thereafter, and shall provide a copy of this report to the chairs of the house and senate appropriations subcommittees for the department of environmental quality.
