

THE MICHIGAN PENAL CODE (EXCERPT)
Act 328 of 1931

750.90g "Infant protection act" as short title of section; legislative findings; prohibited acts; violation as felony; penalty; exceptions; definitions.

Sec. 90g.

- (1) This section shall be known and may be cited as the "infant protection act".
- (2) The legislature finds all of the following:
 - (a) That the constitution and laws of this nation and this state hold that a live infant completely expelled from his or her mother's body is recognized as a person with constitutional and legal rights and protection.
 - (b) That a live infant partially outside his or her mother is neither a fetus nor potential life, but is a person.
 - (c) That the United States supreme court decisions defining a right to terminate pregnancy do not extend to the killing of a live infant that has begun to emerge from his or her mother's body.
 - (d) That the state has a compelling interest in protecting the life of a live infant by determining that a live infant is a person deserving of legal protection at any point after any part of the live infant exists outside of the mother's body.
- (3) Except as provided in subsections (4) and (5), a person who intentionally performs a procedure or takes any action upon a live infant with the intent to cause the death of the live infant is guilty of a felony punishable by imprisonment for life or any term of years or a fine of not more than \$50,000.00, or both.
- (4) It is not a violation of subsection (3) if a physician takes measures at any point after a live infant is partially outside of the mother's body, that in the physician's reasonable medical judgment are necessary to save the life of the mother and if every reasonable precaution is also taken to save the live infant's life.
- (5) Subsection (3) does not apply to an action taken by the mother. However, this subsection does not exempt the mother from any other provision of law.
- (6) As used in this section:
 - (a) "Live infant" means a human fetus at any point after any part of the fetus is known to exist outside of the mother's body and has 1 or more of the following:
 - (i) A detectable heartbeat.
 - (ii) Evidence of spontaneous movement.
 - (iii) Evidence of breathing.
 - (b) "Outside of the mother's body" means beyond the outer abdominal wall or beyond the plane of the vaginal introitus.
 - (c) "Part of the fetus" means any portion of the body of a human fetus that has not been severed from the fetus, but not including the umbilical cord or placenta.
 - (d) "Physician" means an individual licensed to engage in the practice of allopathic medicine or the practice of osteopathic medicine and surgery under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838.
